---

Every effort has been made in preparing this book to provide accurate  
 and up-to-date information which is in accord with accepted  
 standards and practice at the time of publication. Nevertheless, the  
 authors, editors and publisher can make no warranties that the  
 information contained herein is totally free from error, not least  
 because clinical standards are constantly changing through research  
 and regulation. The authors, editors and publisher therefore disclaim  
 all liability for direct or consequential damages resulting from the use  
 of material contained in this book. Readers are strongly advised to pay  
 careful attention to information provided by the manufacturer of any  
 drugs or equipment that they plan to use.
