Section Seven
Language testing in its policy context 162

17. Prescribed language standards and foreign language classroom practice: Relationships and consequences
Rosamond Mitchell 163

18. Rendering ESL accountable: Educational and bureaucratic technologies in the Australian context
Helen Moore 177

19. The policy context of English testing for immigrants
John Read 191

20. Testimony from testees: The case against current language policies in sub-Saharan Africa
Eddie Williams 200

Section Eight
The ethics of language testing 211

21. Cheating language tests can be dangerous
Bernard Spolsky 212

22. Ethics, fairness(es), and developments in language testing
Liz Hamp-Lyons 222

23. The ethical potential of alternative language assessment
Brian K. Lynch 228

Section Nine
Language testing and SLA 240

24. Quantitative evaluation of vocabulary: How it can be done and what it is good for
Batia Laufer 241

25. Some thoughts on testing grammar: An SLA perspective
Rod Ellis 251
26. Measuring development and ultimate attainment in non-native grammars
Antonella Sorace and Daniel Robertson

Section Ten
Beyond language testing

27. Fossilisation: Moving the concept into empirical longitudinal study
Larry Selinker and ZhaoHong Han

28. The unbearable lightness of being a native speaker
John C. Maher

Section Eleven
The publications of Alan Davies
