- analogies 139
- analogy tasks 123, 125, 126
- analytical semantics 66
- analyticity 63, 64, 133
- ancillary antonyms 203
- Andrew, J. M. 30, 40, 112
- anomia 7, 14, 53
- anthropology 66, 69–74, 226
- antonyms
  - acquisition of 48, 77, 184, 209–213
  - adjectives vary according to nouns they modify 30
  - canonicity 26, 180
  - complementary and contrary 46
  - and contradictions 63
  - cross-cultural pairings 41, 213–215
  - deriving and defining 169–176
  - distributional differences and markedness 184
  - in early education 32
  - focal words without 113
  - gradable adjectives 74, 87, 98
  - morphologically related and unrelated 201–203
  - multiple for one word 39
  - and near synonyms 37
  - or opposites 46
  - path of synonyms to 158
  - of phrases 15
  - properties 181–188
  - social categories 206
  - taxonomies 188
  - vary by context 30
  - vary by sense 30
  - see also* canonical antonyms; converse antonyms; direct antonyms; directional antonyms; indirect antonyms; mood antonyms; non-canonical antonyms; opaque antonyms; overlapping antonyms; perfect antonyms; polar antonyms; privative antonyms; reverse antonyms
- antonymy 169–215
  - ancillary function 203
  - arbitrary 25, 103
  - binary nature of 28, 112, 172
  - boundary with synonymy 167, 170
  - classical 189–194
  - co-occurrence as source of 48, 176
  - as a cognitive organizing principle 214, 215
  - compared with synonymy 175
