Every effort has been made in preparing this book to provide accurate and up-to-date information which is
in accord with accepted standards and practice at the time of publication. Nevertheless, the authors, editors
and publisher can make no warranties that the information contained herein is totally free from error, not
least because clinical standards are constantly changing through research and regulation. The authors,
editors and publisher therefore disclaim all liability for direct or consequential damages resulting from the
use of material contained in this book. Readers are strongly advised to pay careful attention to information
provided by the manufacturer of any drugs or equipment that they plan to use.
