- ethnicity (*cont.*)
 measurement of, 38, 40–43, 46
 self-esteem and, 79–80, 96–97, 100–101, 108
 welfare and, 160, 165, 171, 174
 external validity, 37, 84, 93, 149, 178–180, 188, 199, 206, 212–213, 215
- favorable employment change, 34, 86–87, 219, 221
 alcohol misuse and, 82, 84, 106, 116, 118–124, 127–133, 202, 221
 birthweight and, 198
 depression and, 34, 83, 86–87, 106, 138–139, 151–152, 154–155, 202, 221
 prevention versus restorative effect of, 35, 116, 118–119, 124, 129–130, 132, 138, 154, 221
 self-esteem and, 86
- financial strain, 32, 34, 138, 156, 183, 198, 211
 flexibilization of work, 1, 9
 “forgotten half,” 96–97
 full employment (*see also* involuntary part-time employment), 1, 5–6, 8–9, 53, 69, 140, 199, 216, 223, 227
- gender, 67, 75–77, 207, 230
 alcohol misuse and, 58, 79, 81–82, 111, 114–116, 120, 124–126, 128, 132, 207
 birthweight and, 188, 190, 192–193, 196
 depression and, 58–59, 82–83, 135, 137, 141–142, 147–150, 152–153, 207
 employment status and, 12–14, 58, 61–63, 101, 121, 205
 measurement of, 41–42, 46
 self-esteem and, 73, 79–80, 83–86, 96, 100–101, 203, 207
 welfare and, 165, 167, 179
- general adaptation syndrome (*see also* stress), 31
 generalizability, *see* external validity
 gestational age, 185, 189–190, 193–198
 globalized economy, 1, 5, 7, 213
 good (versus bad) job/employment (*see also* employment continuum), 6, 216–219
 Great Depression, 19, 23–24, 183, 226
- health (*see also* mental health), 2, 53, 60, 89
 effect(s), 6, 9–11, 14, 16, 18, 20, 24–26, 28–31, 33–35, 69, 108–109, 161–162, 168–169, 185, 201, 215–219, 222, 225–226, 231
 selection effects of, 65–66, 68, 160
 health care, 30, 198–199
 health insurance, 6, 30, 66, 184, 200, 216–219
- inadequate employment (*see also* intermittent unemployment;
 involuntary part-time employment;
 low-wage employment), 1–2, 6, 9–11, 16, 19, 23, 32–34, 63, 202, 210, 214, 216–217, 220–222, 225–226, 231
 alcohol misuse and, 69, 79, 81–83, 109, 113, 116–120, 123–133, 137, 201, 203, 206, 208
 birthweight and, 188–190, 192–197, 201, 207, 209
 depression and, 69, 82–83, 109, 136–141, 145–156, 201, 203, 208–209
 economic climate and, 12–14, 21, 205
 job satisfaction and, 95–96, 104–105, 107
 measurement of, 47, 52, 214–215, 229
 self-esteem and, 79–81, 83, 88, 91, 94–96, 99, 101–107, 109–110, 116, 137, 162, 201, 203, 209
 welfare and, 159, 168, 170, 173, 175, 182
- income inequality, 3–4, 18, 97
 income loss (*see also* adverse employment change; low-wage employment), 32
 indirect causation (*see also* mediators), 28, 30, 107, 129, 131, 133
 individual differences fallacy (*see also* ecological fallacy), 28
 individual-level analysis, 26–30, 114, 197
 industry, 3, 30, 72
 inferential statistical validity, *see* statistical inference validity
- inflation (*see also* non-accelerating-inflation rate of unemployment; Phillips curve), 2, 19, 222
- insecurity, *see* job insecurity
- interactions (*see also* moderators), 28–30, 59–60, 73, 79–80, 83–86, 100–102, 107, 118–119, 121, 124, 126–128, 130, 138, 148–149, 151, 153–154, 171–175, 177, 181, 191, 194–195, 197, 200, 204–205, 207–209, 220
- intermittent unemployment (*see also* inadequate employment), 4, 17, 63, 65, 202, 219
 alcohol misuse and, 119–120, 201
 depression and, 201
 job satisfaction and, 104
 measurement of, 51–54, 77
 self-esteem and, 94, 99, 101, 103–104, 106, 119–120, 207
- internal validity (*see also* confounding;
 cross-sectional design; longitudinal design), 24–25, 30, 212
- intervening variables, *see* indirect causation; mediators
- intervention(s), 69, 86–87, 107, 113, 116, 132–133, 202, 207, 219–226
- intrauterine growth, 185, 198
- involuntary part-time employment (*see also* inadequate employment), 4, 11, 21, 63, 69, 202, 209, 222, 229–230

Subject Index

271

- alcohol misuse and, 69, 119–120, 132, 201
 birthweight and, 189, 197, 201
 depression and, 137, 146, 201
 economic climate and, 12–14
 job satisfaction and, 104
 measurement of, 47–48, 51–52, 54, 77, 214, 227, 229
 self-esteem and, 73, 81, 94, 99, 101, 103–104, 106, 119, 201
 welfare and, 159, 168
- job(s), 7–8, 109, 201, 211
 churning, 5
 demands, 6, 11, 211, 216–218
 good versus bad (*see also* employment continuum), 6, 216–219
 insecurity, 5–9, 16, 19, 29, 85, 91, 97, 114, 130, 138, 164, 198, 205, 210, 216–217
 latitude, 11, 211, 216–219
 loss (*see also* unemployment), 1, 9–10, 14–16, 24–27, 29–34, 59, 66, 68–70, 94, 106, 113–117, 125, 130–131, 135–138, 140, 153–155, 157–159, 161–162, 181–182, 198, 201, 203–204, 206, 208–212, 215–217, 225–226
 retention, 69
 satisfaction, 11, 34–35, 90, 95–96, 100, 102–105, 107, 138, 147–150, 153–155, 162, 207–208, 217, 219
 skill use, 216–218
 tenure, 3, 5, 140
 training (*see also* interventions), 72, 108, 221, 225
- Labor Utilization Framework (LUF), 11–13, 47–48, 51–52, 116, 218–219, 230
- latent functions of employment, 32–33, 113, 137, 154, 210, 218
- levels of analysis, *see* aggregate-level analysis; cross-level analysis; individual-level analysis
- life events, *see* stress
- living wage (*see also* low-wage employment), 4, 214
- logistic regression (*see also* odds ratio), 60, 62, 64, 123–129, 149–150, 191, 194, 196
 polytomous or multinomial, 61, 63, 79, 129, 169–170
- longitudinal design (*see also* cross-sectional design), 26–27, 29–30, 36, 46, 67, 72, 85, 91–92, 105, 114–115, 136, 145–147, 149, 156, 160, 169–172, 197, 203, 216, 218
- low-wage (poverty-wage) employment (*see also* inadequate employment), 4, 11, 20–21, 63, 68, 202, 209, 211, 214, 219, 222, 229, 230
 alcohol misuse and, 119–120, 132, 201
 birthweight and, 189, 197, 201
 depression and, 137, 145–146, 201
 economic climate and, 12–14
 measurement of, 17, 47–48, 51–52, 54, 77, 214, 227–229
 self-esteem and, 81, 90–91, 94, 99, 101–106, 119, 201, 208
 welfare and, 159, 162, 164, 168
- marital status, 76–77, 207
 alcohol misuse and, 81, 118, 120–121, 127–128, 130, 207
 birthweight and, 185, 187–190, 192–194, 197
 depression and, 82–83, 138, 141, 147–153, 208, 210
 employment status and, 58–59, 121, 205
 measurement of, 41, 44
 self-esteem and, 80–81, 98
 welfare and, 158–159, 165–166, 169, 171, 173–174, 178, 181
- mediators (intervening variables) (*see also* indirect causation), 24, 31–32, 34, 60, 64, 68–69, 204, 209–211, 218
 alcohol misuse and, 129, 131
 birthweight and, 185–186, 189, 191–195, 197
 depression and, 59, 81, 139, 147, 151, 153, 157, 209–210
 economic climate and, 205
 self-esteem and, 81, 95–96, 104, 107, 205, 217
 welfare and, 169, 174, 181
- mental disorder/health, 25, 28, 31, 33, 35–37, 65–68, 92, 138, 149, 155, 160, 163–164, 169–170, 180–181, 204–205, 209–211, 219
- mental hospitalization, 20, 24, 27, 30, 70, 114
- metropolitan versus nonmetropolitan areas (*see also* urban versus rural areas), 13
- military (*see also* Armed Forces Qualification Test), 38–40, 42, 49, 51
- minimum wage, 89–91, 222
- mismatch form of underemployment, 48, 52
- moderators (buffering variables) (*see also* interactions), 24, 30–31, 60, 64, 67, 69, 74, 89, 204, 206, 209, 218, 220
 alcohol misuse and, 79, 81–82, 118, 130, 132, 203, 208
 birthweight and, 185–186, 195–198, 207
 depression and, 59, 79, 82–83, 86, 137, 139, 147, 149, 153–154, 157, 203, 208
 economic climate and, 28–29, 204–205
 self-esteem and, 79–80, 84–86, 95–96, 100–102, 107, 207–209
 welfare and, 168–169
- mortality, 27, 185
- motivational distress, 84
