INDEX

In the Index, as throughout the book, familiar forms of names have been given where they exist; otherwise, the forms as given in *PLRE* have been used. Greek and Persian names have been Anglicised. The terms ‘Ostrogoth’ and ‘Visigoth’ have been retained for convenience, though it should be recalled that these are Byzantine labels, and were not used within the respective kingdoms for self-identification.

- Abbasid caliphate 31
 Abinnaeus, *protector* 242
 Acacian schism 151, 165, 213, 218, 227, 229, 235, 285
