

Symbolic Representation in Kant's Practical Philosophy

This is the first book to explore in detail the role that symbolic representation plays in the architecture of Kant's philosophy. Symbolic representation fulfills a crucial function in Kant's practical philosophy because it serves to mediate between the unconditionality of the categorical imperative and the inescapable finiteness of the human being. By showing how the nature of symbolic representation affects all areas of the practical philosophy – moral philosophy, legal philosophy, philosophy of history, and philosophy of religion – Heiner Bielefeldt offers a unique perspective on how these various facets of Kant's philosophy cohere.

Heiner Bielefeldt is Privatdozent at the University of Bremen and Hochschuldozent at the University of Bielefeld.

Citations and Translations

Kant's main works are cited from the following English editions:

Prolegomena to Any Future Metaphysics (1783) [short title: Prolegomena], ed. by Beryl Logan (London and New York: Routledge, 1996).

An Answer to the Question "What is Enlightenment?" (1784) [short title: Enlightenment], in: Immanuel Kant, Practical Philosophy, trans. and ed. by Mary J. Gregor. General Introduction by Allen W. Wood. The Cambridge Edition of the Works of Immanuel Kant (General editors: Paul Guyer and Allen W. Wood) (Cambridge: Cambridge University Press, 1996), pp. 11–22.

Idea for a Universal History with a Cosmopolitan Purpose (1784) [short title: Idea for a Universal History], in: Kant, Political Writings, ed. by Hans Reiss, trans. by H.B. Nisbet (Cambridge: Cambridge University Press, 2nd enlarged ed., 1991), pp. 41–53.

Groundwork of The Metaphysics of Morals (1785) [short title: Groundwork], in: Immanuel Kant, Practical Philosophy, trans. and ed. by Mary J. Gregor. General Introduction by Allen W. Wood. The Cambridge Edition of the Works of Immanuel Kant (Cambridge: Cambridge University Press, 1996), pp. 37–108.

What Does It Mean to Orient Oneself in Thinking? (1786), in: Immanuel Kant, *Religion and Rational Theology*, trans. and ed. by Allen W. Wood and George di Giovanni. The Cambridge Edition of the Works of Immanuel Kant (Cambridge: Cambridge University Press, 1996), pp. 1–18.

Critique of Pure Reason (2nd edition 1787), trans. and ed. (together with the 1st edition from 1781) by Paul Guyer and Allen W. Wood. The Cambridge Edition of the Works of Immanuel Kant (Cambridge: Cambridge University Press, 1997).

Critique of Practical Reason (1788), in: Immanuel Kant, *Practical Philosophy*, trans. and ed. by Mary J. Gregor. General Introduction by Allen W. Wood. The Cambridge Edition of the Works of Immanuel Kant (Cambridge: Cambridge University Press, 1996), pp. 133–271.

Critique of Judgment (1790) (including the First [unpublished] Introduction), trans., with an introduction, by Werner S. Pluhar (Indianapolis and Cambridge: Hackett Publishing Company, 1987).

On the Miscarriage of All Philosophical Trials in Theodicy (1791), in: Immanuel Kant, *Religion and Rational Theology*, trans. and ed. by Allen W. Wood and George di Giovanni. The Cambridge Edition of the Works of Immanuel Kant (Cambridge: Cambridge University Press, 1996), pp. 19–37.

Religion Within the Boundaries of Mere Reason (1793) [short title: Religion], in: Immanuel Kant, *Religion and Rational Theology*, trans. and ed. by Allen W. Wood and George di Giovanni. The Cambridge Edition of the Works of Immanuel Kant (Cambridge: Cambridge University Press, 1996), pp. 39–215.

On the Common Saying: “This May be Correct in Theory, But It Is of No Use in Practice” (1793) [short title: Theory and Practice], in: Immanuel Kant, *Practical Philosophy*, trans. and ed. by Mary J. Gregor. General Introduction by Allen W. Wood. The Cambridge Edition of

the Works of Immanuel Kant (Cambridge: Cambridge University Press, 1996), pp. 273–309.

The End of All Things (1794), in: Immanuel Kant, Religion and Rational Theology, trans. and ed. by Allen W. Wood and George di Giovanni. The Cambridge Edition of the Works of Immanuel Kant (Cambridge: Cambridge University Press, 1996), pp. 217–231.

Toward Perpetual Peace: A Philosophical Project (1795) [short title: Perpetual Peace], in: Immanuel Kant, Practical Philosophy, trans. and ed. by Mary J. Gregor. General Introduction by Allen W. Wood. The Cambridge Edition of the Works of Immanuel Kant (Cambridge: Cambridge University Press, 1996), pp. 311–351.

Metaphysics of Morals (1797), in: Immanuel Kant, Practical Philosophy, trans. and ed. by Mary J. Gregor. General Introduction by Allen W. Wood. The Cambridge Edition of the Works of Immanuel Kant (Cambridge: Cambridge University Press, 1996), pp. 353–603.

On a Supposed Right to Lie from Philanthropy (1797), in: Immanuel Kant, Practical Philosophy, trans. and ed. by Mary J. Gregor. General Introduction by Allen W. Wood. The Cambridge Edition of the Works of Immanuel Kant (Cambridge: Cambridge University Press, 1996), pp. 605–615.

The Conflict of the Faculties (1798), in: Immanuel Kant, Religion and Rational Theology, trans. and ed. by Allen W. Wood and George di Giovanni. The Cambridge Edition of the Works of Immanuel Kant (Cambridge: Cambridge University Press, 1996), pp. 233–327.

The Jäsche Logic (1800) [short title: Logic], in: Immanuel Kant, Lectures on Logic, trans. and ed. by J. Michael Young. The Cambridge Edition of the Works of Immanuel Kant (Cambridge: Cambridge University Press, 1992), pp. 521–640.

Conjectures on the Beginning of Human History, in: Kant, Political Writings, ed. by Hans Reiss, trans. by H.B. Nisbet (Cambridge: Cambridge University Press, 2nd enlarged ed., 1991), pp. 221–234.

All other translations are by Heiner Bielefeldt.

Reference is generally made to the Akademie Ausgabe (5: 33 = Vol. 5, p. 33).

Acknowledgments

This book is an English version of my German monograph titled *Kants Symbolik. Ein Schlüssel zur kritischen Freiheitsphilosophie* (published by Verlag Karl Alber, Freiburg/Germany, 2001). By using the term “version” I mean to say that the book is more than just a translation. Although based on my earlier German text, it is also the result of the substantial and helpful criticism I received for my first English manuscript from David Dyzenhaus, Susan Zickmund, Arthur Ripstein, and Adelheid Baker, as well as from three anonymous referees. I would like to express my gratitude for their critical comments, which contributed considerably to the process of revising and (I hope) improving the manuscript.

I also wish to thank my colleagues at the Universities of Bremen and Bielefeld, especially Hans Jörg Sandkühler and Wilhelm Heitmeyer, for helping me to “survive” in the somewhat complicated German university system.

I am very glad that the book was accepted for publication by Cambridge University Press – thanks to the cooperation of Terence Moore (at Cambridge) and Burkhard Zimmermann (at Alber). I am grateful for Stephanie Achard’s kind encouragement. Ronald Cohen did a very careful job of editing the text, for which I would like to express my gratitude.

Last, but not least, I would like to acknowledge that my Kant interpretation has been generally inspired by Johannes Schwartländer, who frequently emphasized the crucial role symbolic representation plays in Kant’s practical philosophy.
