Acknowledgments	xxi
Preface	xxiii

Part I General issues

1	Introduction and historical overview	3
	(a) North American perspective	3
	W. Hardy Hendren	
	(b) European perspective	13
	Barry O'Donnell	
2	Principles of outcomes analysis	17
	Brigid K. Killelea, Eric L. Lazar, and Michael G. Vitale	
3	Outcomes analysis and systems of children's surgical care	29
	Keith T. Oldham, Mark D. Stringer, and Pierre D. E. Mouriquand	
4	Perinatal mortality and morbidity: outcome of neonatal intensive care	39
	Janet M. Rennie	
5	Psychological aspects of pediatric surgery	54
	Lorraine Ludman	

Part II Head and neck

6	Cleft lip and palate	67
	Alistair G. Smyth	
7	Lymphangiomas	79
	Salam Yazbeck and Maria Di Lorenzo [†]	

[†] deceased.

8	Thyroid and parathyroid (including thyroglossal disorders)	90	24	Small bowel disorders	305
	Jaimie D. Nathan and Michael A. Skinner			Julie R. Fuchs and Jacob C. Langer	
9	Salivary glands disorders	104	25	Cystic fibrosis	315
	John D. Langdon			Mark Davenport and Hilary Wyatt	
10	Head and neck tumors	117	26	Necrotizing enterocolitis	329
	Robert Ord and Rui Fernandes			Marion C. W. Henry and R. Lawrence Moss	
Part III Thorax			27	Inflammatory bowel disease in children	351
				Frederick Alexander	
11	Chest wall deformities	135	28	Intestinal failure	362
	Donald Nuss			Jacqueline Saito	
12	Congenital diaphragmatic hernia	150	29	Appendicitis	374
	Nikki Almendinger, Son Lee West and Jay Wilson			Prem Puri and Alan Mortell	
13	Surgical management of airway obstruction	158	30	Hirschsprung's disease	385
	Dana Mara Thompson and Robin T. Cotton			Risto J. Rintala and Mikko Pakarinen	
14	Pulmonary resection and thoracotomy	184	31	Anorectal malformations: experience with the posterior sagittal approach	401
	Frédérique Sauvat and Yann Revillon			Alberto Peña and Marc A. Levitt	
15	Esophageal atresia	192	32	Gastrointestinal motility disorders	416
	(a) Surgical aspects	192		Manu R. Sood and Paul E. Hyman	
	Spencer W. Beasley		33	The Malone antegrade continence enema (MACE) procedure	429
	(b) Nutrition, growth, and respiratory function	208		Ashok Rajimwale and Pdraig S. J. Malone	
	Philip A. J. Chetcuti and John W. L. Puntis		34	Splenectomy	435
16	Antireflux procedures	217		Jennifer H. Aldrint and Henry E. Rice	
	Adam Goldin		35	Biliary atresia	446
17	Esophageal replacement	227		Edward R. Howard	
	Steven W. Bruch and Arnold G. Coran		36	Choledochal cyst	465
18	Esophageal achalasia	232		Takeshi Miyano	
	Thomas T. Sato		37	Biliary stone disease	480
19	Congenital malformations of the breast	242		Faisal G. Qureshi, Evan P. Nadler, and Henri R. Ford	
	Younghoon R. Cho and Arun K. Gosain		38	Portal hypertension	491
Part IV Abdomen				(a) Surgery and interventional radiology	491
				Frédéric Gauthier, Danièle Pariente, and Sophie Branchereau	
20	Abdominal surgery: general aspects	255		(b) Endoscopic treatment	502
	Mark D. Stringer			Mark D. Stringer	
21	Abdominal wall defects	270	39	Persistent hyperinsulinemic hypoglycemia in infancy	510
	David K. Magnuson			Pascale de Lonlay and Jean-Jacques Robert	
22	Inguinal and umbilical hernias	286	40	Acute and chronic pancreatitis in children	519
	Emma J. Parkinson and Agostino Pierro			Pierre Tissières and Claude Le Coultre	
23	Infantile hypertrophic pyloric stenosis	296			
	David C. G. Crabbe				

		Contents	ix
Part V Urology			
41 Introduction	531	56 Gonadal tumors	707
Pierre D. E. Mouriquand		J. S. Valla	
42 Upper tract dilation	533	Part VI Oncology	
Venkata R. Jayanthi and Stephen A. Koff			
43 Posterior urethral valves	540	57 Late effects of the treatment of childhood cancer	727
Peter M. Cuckow		Mark F. H. Brougham and W. Hamish B. Wallace	
44 Vesicoureteric reflux	555	58 Neuroblastoma	745
(a) Definition and conservative management	555	Joel Shilyansky	
Judith H. van der Voort and Kate Verrier Jones		59 Wilms' tumor	759
(b) Surgical treatment	571	(a) Wilms' tumor: N. American experience	759
†David Gough		Michael L. Ritchey and Nadeem N. Dhanani	
45 Genitoplasty in exstrophy and epispadias	583	(b) Wilms' tumor: European experience	769
Christopher R. J. Woodhouse		Patrick G. Duffy, Gill A. Levitt, and Anthony J. Michalski	
46 Feminization (surgical aspects)	595	60 Rhabdomyosarcoma	782
Justine M. Schober		Dave R. Lal, Charles A. Sklar, and Michael P. LaQuaglia	
47 Hypospadias	611	61 Liver tumors and resections	799
Laurence S. Baskin		Jean de Ville de Goyet and Jean-Bernard Otte	
48 Bladder exstrophy	621	62 Extragonadal germ cell tumors	815
Thomas E. Novak and John P. Gearhart		Christian J. Streck and Andrew M. Davidoff	
49 Surgery for neuropathic bladder and incontinence	631	63 Hemangiomas and vascular malformations	826
Prasad Godbole and Duncan T. Wilcox		Adam M. Vogel and Steven J. Fishman	
50 Non-neuropathic bladder-sphincter dysfunction	643	Part VII Transplantation	
Göran Läckgren and Trygve Nevéus			
51 Undescended testes	652	64 Renal failure and transplantation	845
John M. Hutson		Maria H. Alonso, Greg Tiao, and Frederick C. Ryckman	
52 Circumcision	664	65 Liver transplantation	858
Peter M. Cuckow		Paolo Muiesan and Nigel D. Heaton	
53 The single kidney	675	66 Intestinal and multivisceral transplantation	884
Adrian S. Woolf		Jorge Reyes and Geoffrey Bond	
54 Multicystic kidney	683	67 Heart and lung transplantation	897
Gianantonio M. Manzoni and Anthony A. Caldamone		Thomas Spray and Stephanie M. P. Fuller	
55 Urolithiasis	695	Part VIII Trauma	
Bartley G. Cilento, Jr., Gerald C. Mingin, and Hiep T. Nguyen			
		68 Introduction scoring and trauma management systems	915
		Peter F. Ehrlich	

† deceased.

x	Contents	
69	Prognosis and recovery of pediatric head injury P. David Adelson, Neil Buxton, and Richard Appleton	926
70	Truncal trauma Steven Stylianos and Michael G. Vitale	936
	Part IX Miscellaneous	
71	Vascular access A. Martin Barrett and Roly Squire	947
72	Myelomeningocele and hydrocephalus Bruce A. Kaufman	958
73	Outcomes after maternal–fetal surgery Preeti Malladi, Karl Sylvester, and Craig T. Albanese	966
74	Conjoined twins Lewis Spitz	1005
	Index	1015
	Colour plates between pages 648 and 649
