Cambridge University Press has no responsibility for the persistence or accuracy of URLs for external or
third-party internet websites referred to in this publication, and does not guarantee that any content on such
websites is, or will remain, accurate or appropriate.

Every effort has been made in preparing this publication to provide accurate and up-to-date information
which is in accord with accepted standards and practice at the time of publication. Although case histories
are drawn from actual cases, every effort has been made to disguise the identities of the individuals involved.
Nevertheless, the authors, editors and publishers can make no warranties that the information contained
herein is totally free from error, not least because clinical standards are constantly changing through research
and regulation. The authors, editors and publishers therefore disclaim all liability for direct or consequential
damages resulting from the use of material contained in this publication. Readers are strongly advised to pay
careful attention to information provided by the manufacturer of any drugs or equipment that they plan to use.
