

INDEX

N.B.: Churches are indexed according to the name of their dedication, irrespective of their prefix (San, Santa, Santissima, etc.). Architects and artists are indexed according to how they are commonly known: those who have surnames (Brunelleschi, Bandinelli, etc.) are usually indexed by surname (but not Michelangelo, for example); those without surnames are usually indexed by given name (Maso di Banco, Leonardo da Vinci, etc.), although there are exceptions (Pollaiuolo, Antonio del; Pontormo, Jacopo da, etc.). Figures are indexed by page number, shown in boldface italics.
