<i>List of contributors</i>	vii	Section 2 Cognitive impairment, not demented	161
Section 1 Introduction	1	12 Cerebrovascular contributions to amnesic mild cognitive impairment	161
		Charles DeCarli, Adriane Votaw Mayda and Christine Wu Nordahl	
1 Basic clinical approaches to diagnosis	1	13 Mild cognitive impairment	172
Bruce L. Miller		Brendan J. Kelley and Ronald C. Petersen	
2 Dementia with Lewy bodies	7	14 Mild cognitive impairment subgroups	188
Caroline A. Racine		Julene K. Johnson	
3 Neurogenetics of dementia	27	15 Early clinical features of the parkinsonian-related dementias	197
Huidy Shu		Bradley F. Boeve	
4 Frontotemporal dementia	45	16 Dementia treatment	213
Indre V. Viskontas and Bruce L. Miller		Bradley F. Boeve and Adam L. Boxer	
5 Alzheimer's disease	56	17 Dementia and cognition in the oldest-old	254
Brandy R. Matthews and Bruce L. Miller		Kristin Kahle-Wroblewski, María M. Corrada and Claudia H. Kawas	
6 Mental status examination	74		
Casey E. Krueger and Joel H. Kramer		Section 3 Slowly progressive dementias	264
7 Neuropsychiatric features of dementia	85		
Edmond Teng, Gad A. Marshall and Jeffrey L. Cummings		18 Semantic dementia	264
8 Neuroimaging in dementia	101	John R. Hodges, R. Rhys Davies and Karalyn Patterson	
Maria Carmela Tartaglia and Howard Rosen		19 Progressive non-fluent aphasia	279
9 Epidemiology and risk factors	120	Jennifer Ogar and Maria Luisa Gorno-Tempini	
Kristine Yaffe and Deborah E. Barnes		20 Cognition in corticobasal degeneration and progressive supranuclear palsy	288
10 Animal models of dementia	131	Paul McMonagle and Andrew Kertesz	
Erik D. Roberson and Aimee W. Kao		21 Cognitive and behavioral abnormalities of vascular dementia	302
11 Neuropathology of dementia	142	Jee H. Jeong, Eun-Joo Kim, Sang Won Seo and Duk L. Na	
Marcelo N. Macedo, Eun-Joo Kim and William W. Seeley			

Contents
