Cambridge University Press has no responsibility for the persistence or
accuracy of URLs for external or third-party internet websites referred to in
this publication, and does not guarantee that any content on such websites is,
or will remain, accurate or appropriate. Information regarding prices, travel
timetables, and other factual information given in this work is correct at
the time of first printing but Cambridge University Press does not guarantee
the accuracy of such information thereafter.

Every effort has been made in preparing this book to provide accurate
and up-to-date information that is in accord with accepted standards
and practice at the time of publication. Although case histories are drawn
from actual cases, every effort has been made to disguise the identities of
the individuals involved. Nevertheless, the authors, editors, and publishers
can make no warranties that the information contained herein is totally
free from error, not least because clinical standards are constantly changing
through research and regulation. The authors, editors, and publishers therefore
disclaim all liability for direct or consequential damages resulting from the
use of material contained in this book. Readers are strongly advised to pay
careful attention to information provided by the manufacturer of any
drugs or equipment that they plan to use.
