Contributors	vii	SECTION II: CLINICAL ANALGESIA	
Acknowledgments	xiii	11. Qualitative and Quantitative Assessment of Pain	147
Foreword: Historical Perspective, Unmet Needs, and Incidence	xv	<i>Cynthia M. Welchek, Lisa Mastrangelo, Raymond S. Sinatra, and Richard Martinez</i>	
<i>Henry McQuay</i>		12. The Role of Preventive Multimodal Analgesia and Impact on Patient Outcome	172
SECTION I: PAIN PHYSIOLOGY AND PHARMACOLOGY		<i>Scott S. Reuben and Asokumar Buvanendran</i>	
1. Pain Pathways and Acute Pain Processing	3	13. Oral and Parenteral Opioid Analgesics for Acute Pain Management	188
<i>Nalini Vadivelu, Christian J. Whitney, and Raymond S. Sinatra</i>		<i>Raymond S. Sinatra</i>	
2. Pathophysiology of Acute Pain	21	14. Intravenous Patient-Controlled Analgesia	204
<i>M. Khurram Ghori, Yu-Fan (Robert) Zhang, and Raymond S. Sinatra</i>		<i>Pamela E. Macintyre and Julia Coldrey</i>	
3. Patient Variables Influencing Acute Pain Management	33	15. Clinical Applications of Epidural Analgesia	221
<i>Joshua Wellington and Yuan-Yi Chia</i>		<i>Daniel B. Maalouf and Spencer S. Liu</i>	
4. Acute Pain: A Psychosocial Perspective	41	16. Neuraxial Analgesia with Hydromorphone, Morphine, and Fentanyl: Dosing and Safety Guidelines	230
<i>Francis J. Keefe</i>		<i>Susan Dabu-Bondoc, Samantha A. Franco, and Raymond S. Sinatra</i>	
5. Nonsteroidal Anti-Inflammatory Drugs and Acetaminophen: Pharmacology for the Future	53	17. Regional Anesthesia	245
<i>Jon McCormack and Ian Power</i>		<i>James Benonis, Jennifer Fortney, David Hardman, and Gavin Martin</i>	
6. Local Anesthetics in Regional Anesthesia and Acute Pain Management	70	18. Regional Anesthesia for Acute Pain Management in the Outpatient Setting	287
<i>John Butterworth</i>		<i>Holly Evans, Karen C. Nielsen, Marcy S. Tucker, and Stephen M. Klein</i>	
7. Pharmacology of Novel Non-NSAID Analgesics	82	19. Patient-Controlled Analgesia Devices and Analgesic Infusion Pumps	302
<i>P. M. Lavand'homme and M. F. De Kock</i>		<i>Benjamin Sherman, Ikay Enu, and Raymond S. Sinatra</i>	
8. Pharmacokinetics of Epidural Opioids	102	20. Novel Analgesic Drug Delivery Systems for Acute Pain Management	323
<i>Bradley Urie and Oscar A. de Leon-Casasola</i>		<i>James W. Heitz and Eugene R. Viscusi</i>	
9. Transitions from Acute to Chronic Pain	109		
<i>Frederick M. Perkins</i>			
10. Molecular Basis and Clinical Implications of Opioid Tolerance and Opioid-Induced Hyperalgesia	114		
<i>Larry F. Chu, David Clark, and Martin S. Angst</i>			

vi	Contents
21. Nonselective Nonsteroidal Anti-Inflammatory Drugs, COX-2 Inhibitors, and Acetaminophen in Acute Perioperative Pain <i>Jonathan S. Jahr, Kofi N. Donkor, and Raymond S. Sinatra</i>	332
22. Perioperative Ketamine for Better Postoperative Pain Outcome <i>Manzo Suzuki</i>	366
23. Clinical Application of Glucocorticoids, Antineuropathics, and Other Analgesic Adjuvants for Acute Pain Management <i>Johan Raeder and Vegard Dahl</i>	377
24. Nonpharmacological Approaches for Acute Pain Management <i>Stefan Erceg and Keun Sam Chung</i>	391
25. Opioid-Related Adverse Effects and Treatment Options <i>Kok-Yuen Ho and Tong J. Gan</i>	406
26. Respiratory Depression: Incidence, Diagnosis, and Treatment <i>Dermot R. Fitzgibbon</i>	416
SECTION III: ACUTE PAIN MANAGEMENT IN SPECIAL PATIENT POPULATIONS	
27. The Acute Pain Management Service: Organization and Implementation Issues <i>Paul Willoughby</i>	433
28. Acute Pain Management in the Community Hospital Setting <i>Brian E. Harrington and Joseph Marino</i>	455
29. Ambulatory Surgical Pain: Economic Aspects and Optimal Analgesic Management <i>Tariq M. Malik and Raymond S. Sinatra</i>	476
30. Pediatric Acute Pain Management <i>Giorgio Ivani, Valeria Mossetti, and Simona Italiano</i>	487
31. Acute Pain Management for Elderly High-Risk and Cognitively Impaired Patients: Rationale for Regional Analgesia <i>Thomas M. Halaszynski, Nousheh Saidi, and Javier Lopez</i>	514
32. Postcesarean Analgesia <i>Kate Miller and Ferne Braveman</i>	537
33. Acute Pain Management in Sickle Cell Disease Patients <i>Jaya L. Varadarajan and Steven J. Weisman</i>	550
34. Acute Pain Management in Patients with Opioid Dependence and Substance Abuse <i>Sukanya Mitra and Raymond S. Sinatra</i>	564
SECTION IV: SPECIALIST MANAGED PAIN	
35. Pain Management Following Colectomy: A Surgeon's Perspective <i>Theodore J. Saclarides</i>	583
36. Acute Pain Management in the Emergency Department <i>Knox H. Todd and James R. Miner</i>	589
37. The Nurse's Perspective on Acute Pain Management <i>Chris Pasero, Nancy Eksterowicz, and Margo McCaffery</i>	597
38. Role of the Pharmacist in Acute Pain Management <i>Leslie N. Schechter</i>	607
SECTION V: PAIN MANAGEMENT AND PATIENT OUTCOMES	
39. Economics and Costs: A Primer for Acute Pain Management Specialists <i>Amr E. Abouleish and Govindaraj Ranganathan</i>	623
40. Evidence-Based Medicine <i>Tee Yong Tan and Stephan A. Schug</i>	630
41. Effect of Epidural Analgesia on Postoperative Outcomes <i>Marie N. Hanna, Spencer S. Liu, and Christopher L. Wu</i>	637
42. Research in Acute Pain Management <i>Craig T. Hartrick and Garen Manvelian</i>	646
43. Quality Improvement Approaches in Acute Pain Management <i>Christine Miaskowski</i>	655
44. The Future of Acute Pain Management <i>Brian Durkin and Peter S. A. Glass</i>	670
