## 390 Index

- universities (*cont.*)
  - in newly industrialized economies (NIEs), 281–282
  - ownership of inventions, 41
  - rankings, 139
  - research & development expenditures, 158
  - spin-off support strategies, 37–38
  - technology transfer office, 38–40
- University Challenge Fund (UCF), 260
- University College Dublin, 8, 213–240
  - attitudes to commercialization by academics, 223
  - awards, 233
  - Campus Company Development Programme, 227, 229
  - client companies in 2013, 238–239
  - colleges, 221
  - Commercialization of Research and Development, 360
  - commercialization policies, 359
  - culture of innovation and entrepreneurship in, 233–234
  - external research funding, 221–223
  - funding sources, 223
  - history and mission, 213–215
  - industry-funded R&D expenditures, 235
  - intellectual property policy, 229–233 and Ireland's university commercialization policies, 215–221
  - licensing agreements, 229, 234–235
  - mission and objectives, 214–215 and National Science Foundation Ireland Strategic Research Clusters, 370
  - and NovaUCD, 224–236
  - Office of the Vice-President for Innovation, 236
  - patents, 229, 231–232, 233
  - publications, 221, 222
  - reorganization of, 214
  - research awards, 222
  - seminars, 233
  - spin-offs, 226–227, 229, 234–235
  - start-ups, 229
  - strategic plan, 215
  - technology transfer office, 224–236
  - UCD-TCU Innovation Alliance, 237–239
  - University Industry Centre, 224–225
  - University Industry Programme, 225
  - University Industry Centre (Dublin), 224–225
  - University Industry Programme (Dublin), 225, 227–228
  - University Industry Technology Transfer (UITT), 44
  - University Innovation Fund (UIF), 294, 299
  - University of Bristol, 42
  - University of California San Diego, 7, 13
    - collaboration between academic, public and private sectors, 133–134, 369
    - Connect, 134, 135, 145–146
    - entrepreneurial faculty culture, history and tradition, 149–151
    - establishment of, 131–132
    - Extension, 146
    - faculty, quality of, 142–145
    - faculty quality rankings, 143
    - faculty recruitment, 133, 142–144, 149–150
    - federal research & development funding, 137
    - industry funding of research in, 137–142
    - mission, 147–149
    - organizational characteristics, 145–147
    - private sector support to entrepreneurship in, 134–135
    - rankings, 142
    - science and engineering resource base, 136–137
    - TechTIPS, 145
    - working with industry and government, 370
  - University of California System, 2
  - University of Chicago, 18
  - University of Copenhagen, 42
  - University of Glasgow, 42
  - University of Ottawa, 42
  - university-based entrepreneurship, 33–53
    - conceptual framework, 52–53
    - development and performance, 49–51
    - economic impact, 51
    - external determinants, 45–49
    - individual attributes and, 35–36
    - institutional determinants, 42–45
    - organizational determinants, 36–42
    - spin-offs, 33–34
  - university-run enterprises (UREs)
    - characteristics of, 311
    - direct return to NEU, 323–324
    - income, 326
    - incubation, 317
    - independent or affiliated, 327
    - vs. spin-offs, 324–326

- stages of, 310, 318–320
