INDEX

Numerical notation systems are indexed alphabetically by name of system (e.g., "Aramaic numerals"). Number words are indexed under "lexical numerals, Language-name" (e.g., "lexical numerals, English"). Writing systems are indexed under "writing system, Script-name" (e.g., "writing system, Greek").

abacists 123, 147, 220
abacus 97, 104, 115–6, 123–4, 144, 147, 182, 218, 220, 259, 264, 266, 269, 315
