Cambridge University Press has no responsibility for the persistence or  
accuracy of URLs for external or third-party internet websites referred to  
in this publication, and does not guarantee that any content on such  
websites is, or will remain, accurate or appropriate.

Every effort has been made in preparing this book to provide accurate  
and up-to-date information which is in accord with accepted standards  
and practice at the time of publication. Although case histories are drawn  
from actual cases, every effort has been made to disguise the identities of the  
individuals involved. Nevertheless, the authors, editors and publishers can  
make no warranties that the information contained herein is totally free from  
error, not least because clinical standards are constantly changing through  
research and regulation. The authors, editors and publishers therefore  
disclaim all liability for direct or consequential damages resulting from the  
use of material contained in this book. Readers are strongly advised to pay  
careful attention to information provided by the manufacturer of any  
drugs or equipment that they plan to use.
