978-0-521-89724-2 - The Religion of Senators in the Roman Empire: Power and the Beyond
Zsuzsanna Varhelyi

Index

[More information](#)*General index*

Personal names are indexed under the *nomen gentile* or family name, with the exception of major public figures who are indexed under the name by which they are best known. Only senators better known or who occur in various parts of the monograph are listed here; for a complete list see the prosopographical index above.
