Cambridge University Press has no responsibility for the persistence or accuracy
 of URLs for external or third-party internet websites referred to in this publication
 and does not guarantee that any content on such websites is, or will remain,
 accurate or appropriate.

Every effort has been made in preparing this book to provide accurate and up-to-date
 information that is in accord with accepted standards and practice at the time of publication.
 Although case histories are drawn from actual cases, every effort has been made to disguise
 the identities of the individuals involved. Nevertheless, the authors, editors, and publishers
 can make no warranties that the information contained herein is totally free from error, not
 least because clinical standards are constantly changing through research and regulation.
 The authors, editors, and publishers therefore disclaim all liability for direct or consequential
 damages resulting from the use of material contained in this book. Readers are strongly
 advised to pay careful attention to information provided by the manufacturer of any
 drugs or equipment that they plan to use.
