Introduction: The Metaphysics of Powers and the 3d Account 1
0.1 A World of Causal Powers 1
0.2 Metaphysics and Science 3
0.3 Powers, Qualities, and Powerful Qualities 7
0.4 Properties and Substances 9
0.5 Knowing Powers 11
0.6 Powers “isms” 13
0.7 Networking versus Nodal Accounts of Powers 14
0.8 The 3d Account of Powers 15
0.9 Roadmap 17

Part I Why Powers?
1 The Need for Powers: Three Models of Physical Modality 21
  1.1 Three Models of Physical Modality 21
  1.2 The Neo-Humean Model Needs Powers 23
  1.3 The Universals Model Needs Powers 32
  1.4 The Powers Model 36
2 The Reality of Pure Powers 42
  2.1 Pure Powers versus Powerful Qualities 42
  2.2 The “Nature” of Powerful Qualities 47
  2.3 Considering Simplicity and Explanatory Relevance 51
  2.4 The Identity Conditions of Powers and Powerful Qualities 53
  2.5 Central Argument for Pure Powers 54
  2.6 The Problem of Being and Potential Solutions 56
Contents

2.7 Psillos' Pure Powers Regress 58
2.8 The Self-Grounding of Pure Powers 62
2.9 Further Questions 73

Part II What Are Powers Like?

3 Powers from the Inside: Physical Intentionality 77
  3.1 The Physical Intentionality Thesis 77
  3.2 Historical Precursors to the Physical Intentionality Thesis 79
  3.3 Brentano's Thesis and Overview of the Physical Intentionality Thesis 81
  3.4 Views Related to the Physical Intentionality Thesis 84
  3.5 The Powers Model, the Physical Intentionality Thesis, and Modality 90

4 A Defense of Physical Intentionality: Essential Marks 91
  4.1 Introducing the Marks of Intentionality 91
  4.2 Directedness and Intentional Inexistence 93
  4.3 Intentional Indeterminacy 109

5 A Defense of Physical Intentionality: Additional Marks and Objections 113
  5.1 Linguistic Marks: Referential Opacity and Lack of Truth Import 113
  5.2 Unique and Impossible Intentional Objects 114
  5.3 Extrinsicness 116
  5.4 Direction of Causation 129
  5.5 Direction of Fit 134
  5.6 Objections to the Physical Intentionality Thesis 136
  5.7 The Physical Intentionality Thesis and the Other Models of Physical Modality 139

6 Powers from the Inside: Information 141
  6.1 The Informational Thesis 141
  6.2 Connections between Information and Powers 142
  6.3 Powers Holism and the Blueprinting of Powers 146
  6.4 Powers and the Nature of Information 150
  6.5 Implications of the Informational Thesis 153
  6.6 Revisiting the 3d Account of Powers 161

7 Powers from the Outside: Systems of Powers and the Appearance of Qualities 165
  7.1 Systems of Powers 165
  7.2 Powers and Multilevel Property Systems 166
  7.3 Systematizing a Powers System 168
  7.4 The Appearance of Qualities 177
  7.5 Beyond Fundamental Powers and Quasi-Qualities 184
