

## Contents

Foreword by Professor Lorenzo Maria Donini	pages xi
Preface	xiii
Acknowledgements	xv
About the Author	xvi

### Part I Dieting Trends and Health

<b>1 Healthy and Sustainable Diet</b>	3
1.1 Healthy Diet	3
1.2 Sustainable Healthy Diets	8
1.3 Dietary Patterns	8
<b>2 Health Behaviours and Healthy Eating Interventions</b>	13
2.1 Health Behaviours	13
2.2 Theories of Health Behaviour and Their Use in Healthy Eating Interventions	14
<b>Highlights</b>	16

### Part II Clinical Description of Orthorexia Nervosa

<b>3 Definition of Orthorexia Nervosa</b>	21
3.1 Variety of Definitions	21
3.2 Global Study Distribution on Orthorexia Nervosa	24
<b>4 Diagnostic Overview of Orthorexia Nervosa</b>	27
4.1 Review of Existing Diagnostic Criteria	31
<b>5 Orthorexia Nervosa and Other Disorders: Differential Diagnosis</b>	37
5.1 Comparison between Orthorexia Nervosa and Anorexia Nervosa: Similarities and Differences	38
5.2 Comparison between Orthorexia Nervosa and Obsessive-Compulsive Disorder: Similarities and Differences	40
5.2.1 Expert Commentary: Thoughts on Orthorexia Nervosa and Obsessive-Compulsive Disorder by Caterina Novara, PhD	43

viii      **Contents**

---

5.3	Comparison between Orthorexia Nervosa and Avoidant/ Restrictive Food Intake Disorder: Similarities and Differences	47
5.3.1	Expert Commentary: Thoughts on Orthorexia Nervosa and Avoidant/Restrictive Food Intake Disorder by Hana Zickgraf, PhD	48
	<b>Highlights</b>	53

### **Part III Assessment and Prevalence of Orthorexia Nervosa**

<b>6</b>	<b>Research Methods in Orthorexia Nervosa</b>	57
6.1	First Assessment Tools for Orthorexia Nervosa	57
6.2	Novel Assessment Tools for Orthorexia Nervosa	64
6.3	Revision of the Existing Assessment Tool: The ORTO-R	70
6.4	Screening Questions for Orthorexia Nervosa	71
6.5	Expert Commentary: Thoughts on Orthorexia Nervosa and Its Assessment by Adrian Meule, PhD	72
<b>7</b>	<b>Prevalence of Orthorexia Nervosa</b>	75
	<b>Highlights</b>	80

### **Part IV Multidimensional Characteristics of Orthorexia Nervosa**

<b>8</b>	<b>Psychological Characteristics of Orthorexia Nervosa</b>	85
8.1	Self-Esteem	85
8.2	Personality Traits	87
8.3	Eating Behaviours	93
8.4	Health-Related Beliefs and Behaviours	104
8.5	Body Image	116
8.6	Emotion Regulation	118
<b>9</b>	<b>Nutritional Characteristics of Orthorexia Nervosa</b>	124
9.1	Dietary Patterns	124
9.2	Expert Commentary: Thoughts on Orthorexia Nervosa and Dieting Trends by Professor Marle Alvarenga	125
<b>10</b>	<b>Potential Social Risk Factor for Orthorexia Nervosa: Social Media Use</b>	130
	<b>Highlights</b>	132

## Part V Two Decades of Research on Orthorexia Nervosa

<b>11 Orthorexia Nervosa Research in Western Societies</b>	139
11.1 Orthorexia Nervosa in the Non-clinical Samples	139
11.2 Orthorexia Nervosa in the Clinical Samples	146
<b>12 Research on Orthorexia Nervosa in Non-Western Societies Using the Example of East Asian Countries</b>	155
12.1 Mainland China	155
12.2 South Korea	157
12.3 Expert Commentary: Thoughts on Orthorexia Nervosa in Non-Western Societies by Jinbo He, PhD	158
<b>Highlights</b>	161

## Part VI Future Directions on Orthorexia Nervosa

<b>13 Orthorexia Nervosa: What Do We Know and What Should We Do?</b>	167
13.1 Expert Commentary: Musings on Orthorexia Nervosa by Professor Phillipa Hay	167
13.2 Eating Healthily: Health Promotive Perspective	170
13.3 Holistic Approach to Orthorexia Nervosa Treatment	173
13.4 Expert Commentary: Thoughts on Orthorexia Nervosa – Past, Present and Future Perspectives by Professor Thom Dunn	179
13.5 Future Research Directions	181
References	185
Index	226
