Every effort has been made in preparing this Element to provide accurate and up-to-
date information that is in accord with accepted standards and practice at the time of
publication. Although case histories are drawn from actual cases, every effort has been
made to disguise the identities of the individuals involved. Nevertheless, the authors,
editors, and publishers can make no warranties that the information contained herein
is totally free from error, not least because clinical standards are constantly changing
through research and regulation. The authors, editors, and publishers therefore dis-
claim all liability for direct or consequential damages resulting from the use of material
contained in this Element. Readers are strongly advised to pay careful attention to
information provided by the manufacturer of any drugs or equipment that they plan
to use.
