INDEX 1: NAMES OF PERSONS MENTIONED IN THE TEXTS

Listed by *nomen* (or *cognomen* if *nomen* unknown)

Members of imperial family in capitals under the name by which they are commonly known: e.g. HADRIAN not P.AELIUS HADRIANUS. The usual and ancient abbreviations of *praenomina* are used.

Roman names usually written with a J in English (e.g. Julius) are given here in the Latin form, i.e. Julius.
