Introduction: Medicine at the Crossroads	I
1.1 The Road to Medicine’s “Golden Age”	1
1.2 The Criticism of Medicine and the “Age of Disappointment”	3
1.3 The Aims of the Book	5
1.4 The Structure of the Book	7
1.5 Final Remarks	14
1 Challenges to Medicine at the End of Its “Golden Age”	16
1.1 How Medicine Became the Patient	16
1.2 Skepticism	18
1.3 Overmedicalization	23
1.4 Objectification	26
1.5 The Character of the Criticism	29
1.6 The Use of the Criticism	34
1.7 Conclusion	37
2 Toward a Normative Philosophy of Medicine	38
2.1 Introduction: Philosophy of Medicine	38
2.2 Normative Philosophy of Science	40
2.3 Normative Philosophy of Medicine	45
2.4 Three Objections to Continuity	47
2.5 Conclusion	55
3 Science and Medicine: The Systematicity Thesis	57
3.1 Introduction	57
3.2 Problems with Demarcation	59
3.3 The Deflated Approach	61
3.4 Incompleteness and Systematicity	62
3.5 Medicine and Systematicity	72
3.6 Systematicity and Demarcation	74
3.7 Limitations	77

3.8	The Science versus Scientific Argument	79
3.9	Conclusion	83
4	Inquiry in Medical Science: The Understanding Thesis	85
4.1	Introduction	85
4.2	Aim and Constitutive Aim	86
4.3	Truth, Knowledge, and Understanding	87
4.4	Understanding as the Aim of Inquiry	90
4.5	Progress: Knowledge or Understanding?	92
4.6	A Difference in Kind?	95
4.7	Conclusion	104
5	Understanding in Medicine	106
5.1	Introduction	106
5.2	Knowledge and Types of Understanding	107
5.3	Grasping Explanations	109
5.4	Objectual Understanding	110
5.5	Understanding Disease	113
5.6	Clinical Understanding	122
5.7	Conclusion	130
6	The Aim of Medicine I: The Autonomy Thesis	132
6.1	Introduction	132
6.2	Cure and Treatment	136
6.3	Medicine Is Sanocentric, but Not Necessarily Pathocentric	140
6.4	Health: Two Puzzles	147
6.5	Positive Health and Well-Being	150
6.6	Sanocentricity, Health, and Autonomy	153
6.7	The Autonomy Thesis and the Overinclusiveness Objection	158
6.8	The Autonomy Thesis and the Second Overinclusiveness Objection	159
6.9	Conclusion	162
7	The Aim of Medicine II: Current Alternatives	163
7.1	Introduction	163
7.2	Edmund Pellegrino	163
7.3	Alex Broadbent	166
7.4	The Hastings Center Report	169
7.5	Bengt Brölde	172
7.6	Howard Brody and Franklin G. Miller	175
7.7	Christopher Boorse	177
7.8	Conclusion	182
8	Rethinking the Challenges: The <i>Moderate Position</i>	183
8.1	Returning to the Criticism	183
8.2	Skepticism, Systematicity, and Well-Orderedness	184
8.3	Overmedicalization	191

<i>Contents</i>	vii
8.4 Objectification	199
8.5 Conclusion	203
Conclusion: Disorientation and the “Greatest Benefit to Mankind”	205
C.1 “Doom and Gloom”?	205
C.2 The Main Points	207
C.3 The <i>Moderate Position</i> and the “Greatest Benefit to Mankind”	210
<i>References</i>	212
<i>Index</i>	230
