Cambridge University Press & Assessment has no responsibility for the persistence
or accuracy of URLs for external or third-party internet websites referred to in this
publication and does not guarantee that any content on such websites is, or will remain,
accurate or appropriate.

Every effort has been made in preparing this book to provide accurate and up-to-date information that is in
accord with accepted standards and practice at the time of publication. Although case histories are drawn
from actual cases, every effort has been made to disguise the identities of the individuals involved.
Nevertheless, the authors, editors, and publishers can make no warranties that the information contained
herein is totally free from error, not least because clinical standards are constantly changing through
research and regulation. The authors, editors, and publishers therefore disclaim all liability for direct or
consequential damages resulting from the use of material contained in this book. Readers are strongly
advised to pay careful attention to information provided by the manufacturer of any drugs or equipment
that they plan to use.
