Index

Absolutely minimising Lipschitz extension, 55
Active contour model, see Mumford-Shah
Ambrosio-Tortorelli approximation, 165
AMLE, 55
Amodal completion, 28
Bertalmio transport inpainting, see Transport inpainting
Cahn-Hilliard energy, 103
inpainting, 85
CDD, see Curvature-driven diffusion inpainting
Coarea formula, 53
Coherence transport inpainting, see Transport inpainting
Conversion, 3D, 204
Convexity splitting, 117
Curvature, see Curve
Curvature-driven diffusion inpainting, 18
Curve, 221, 222
curvature of, 222, 223
Jordan, 226, 227
length of, 221, 222
Diffusion, see Laplace
inpainting, see Harmonic non-linear, 17
Digital image, 1
Euler elastica
inpainting, 16
curve, 67
energy, 67
inpainting, 19, 67
Exemplar-based inpainting, see Inpainting
FBP, see Filtered back-projection
Filtered back-projection, 193
Γ-convergence, 220, 221
Gestalt theory, 27
Good continuation principle, 28
Guide field, 152
GuideFill inpainting, see Transport inpainting
Harmonic extension, 41
inpainting, 41
Hausdorff measure, 219, 220
Image inpainting, see Inpainting
Image interpolation, see Inpainting
Image processing, 2
Image restoration, see Inpainting
Inequality
Poincaré, 218, 219
Poincaré-Wirtinger, 224, 225
Inpainting, 1, 5
of colour images, 24
with dictionaries, 20
exemplar-based, 20
partial differential equations, 14
in transform space, 20, 191
variational, 10
Jordan curve, see Curve
Index

Laplace equation, 41
operator, 217, 218
Laplacian, see Laplace
LCIS, see Low curvature image simplifier
Length of a curve, see Curve
Level set, 220, 221
Limited angle tomography, 192, 194
Low curvature image simplifier
inpainting, 119
Mumford-Shah, 161
Euler inpainting, 170
inpainting, 19, 161
model, 161
Perimeter of a set, 53
Poincaré inequality, see Inequality
Poincaré-Wirtinger inequality, see Inequality
Radon transform, 192
Riesz representation theorem, 219, 220
Schauder fixed-point theorem, 218, 219
Second-order total variation, 121
inpainting, 121
Sinogram, 193
Sobolev space, see Space
Space
of functions of bounded Hessian, 124
of bounded variation functions, 223, 224
Sobolev, 217, 218
Structure tensor, 148
Subdifferential, 216, 217
Subgradient, 216, 217
Total generalised variation
of a function, TV, 223, 224
of the gradient, see Second-order total variation
inpainting, 18
of a measure, 222, 223
of second order, see Second-order total variation
second-order inpainting, see Second-order total variation
Transport inpainting, 137
Bertalmio, 15, 137
Coherence transport, 144
GuideFill, 150
TV, see Total variation
TV-H−1 inpainting, 87
Viscosity solution, 226, 227
