<i>List of Figures</i>	<i>page</i>	xii
<i>List of Tables</i>		xiii
<i>Preface</i>		xv
1	Expectations and the Macroeconomy	1
	Formation of Expectations	5
	A More Realistic Paradigm	6
	Full Mental Faculties	9
	Rationality Is Context Sensitive	10
	Economics of Recessions	12
	Recessions Are Irrational	12
	The Powerful Consumer	14
	The Urge to Act	17
	Paradigm Shift	18
	I THE FORMATION OF EXPECTATIONS	21
2	Conventional Theories of Expectations	29
	The Keynesian Mandate	32
	What Is Past Is Prologue	33
	Rational Expectations Hypothesis	36
	How Should Rationality Be Tested?	37
	Private versus Public Information	38
	Empirical Models	40
	Importance of Accuracy	41
	Costs and Benefits of Updated Expectations	42
	Refinements of Expectations Models	44
	Reification of Economic Data	45

	Data on Economic Expectations	47
	Are Expectations Backward or Forward Looking?	48
	Rational Expectations: Economists versus Consumers	50
	Evidence of Cognitive Limitations	51
	Unemployment Expectations	54
	Weak Evidence for Cognitive Limitations	64
3	Private and Public Sources of Economic Information	68
	Survey Methodology	73
	Knowledge of Official Data on the Economy	75
	Reported Awareness of Official Economic Statistics	76
	Demographic Correlates of Knowledge of Official Statistics	79
	Specific Rate Answers	80
	Lack of Knowledge about Economic Statistics	80
	Importance of Information on Official Economic Statistics	81
	Coverage of Official Economic Statistics in the Mass Media	84
	Private Knowledge about the Performance of the Economy	89
	Assessment of People's Knowledge of Official Statistics	91
4	Processing Economic Information	94
	Subliminal Travel	99
	Conscious, Preconscious, and Subliminal Processing	101
	Optimal Use of Cognitive Resources	104
	Expectations Are Innate	107
	Inherent Numerical Sense	111
	Preference for Frequencies	113
	Nonconscious Learning and Model Building	114
	Attention to Information	118
	Nonconscious Learning	119
	Similarities to Econometric Methods	120
	The Automaticity of Expectations	122
5	Affective Influences on Expectations	124
	What Are Affective Influences?	126
	Evaluations	127
	Moods	128
	Emotions	129
	Automatic Evaluations of Economic Information	130
	Consumer Confidence Measurements	132

<i>Contents</i>		ix
	The Influence of Moods on Information Processing	134
	Negative News Dominates Conscious Recall	137
	Mood and Cyclical Changes in Confidence	140
	Expectations Need Emotions	142
	Self-Motivation	144
	Social Contagion	145
	Passionate Expectations	148
6	The Construction of Expectations	151
	The Masterpiece of Evolution	155
	Dual-Process Models	157
	Social Resources	159
	Preference for Conscious Deliberation	162
	Integrated Mental Resources	164
	Attention: Conscious and Nonconscious	166
	Tailored Expectations	169
	When Are Expectations Formed?	170
	Source of Economic Information	173
	Context Shapes Expectations	174
	Accuracy of Expectations	177
	Minimizing the Cost of Accuracy	180
	Importance of Social Interactions	183
	Scientific Lament	184
	Required Paradigm Shift	186
	A New Theory of Economic Expectations	190
	II THE CONSUMER AND THE MACROECONOMY	195
7	Expectations of Macroeconomic Cycles	203
	Consumers Shift from Subsistence to Discretion	208
	What Causes Recessions?	211
	Elephants and Fleas	212
	Restricted Empirical Tests	214
	Self-Fulfilling Expectations	216
	Expectations of Macroeconomic Cycles	219
	Consumers' Expectations as a Leading Economic Indicator	222
	Subgroup Variations in the Index of Consumer Sentiment	225
	New Micro Foundations for Macroeconomics	229

8	The Measurement of Expectations	234
	Behavioral Economics	241
	Index of Consumer Sentiment	243
	Survey Methodology	244
	Sample Design and Interview Methodology	244
	Questions Used to Measure Consumer Sentiment	245
	Index Construction	248
	Alternate Methods of Index Construction	249
	Expectations and Measurement Methods	253
	Response Scales	257
	Probability Measures of Expectations	258
	Cognitive Burden	259
	Measurement of Uncertainty	261
	Framing and Context Effects	263
	Experimental Tests of Probability Measures	264
	Probability Measures	266
	Incomplete Use of Probability Scales	268
	Errors in Probability Assessments	270
	Comparisons of Probability versus Verbal Likelihood Scales	274
	Challenges in the Twenty-first Century	278
	New Sentiment Measures	279
	New Analytic Strategies	280
	New Data Collection Methods	281
9	Tailored Economic Expectations	283
	Macroeconomic Emphasis	287
	Expectations among Socioeconomic Subgroups	289
	Differences by Education	291
	Differences by Household Income	294
	Differences by Age	297
	Differences by Gender and Marital Status	301
	Differences across Geographic Regions	304
	A Rising Tide ...	304
10	Economic Expectations: Paradigms and Theories	309
	Formation of Expectations	310
	Impact on Macroeconomy	312
	Equilibrium as Context	313

<i>Contents</i>	xi
Orthodox Defense of Rational Expectations	315
Resistance to and Acceptance of the New Paradigm	317
Behavioral Economics	324
<i>References</i>	327
