## **Part I Cognition of tool use**

1

### **1 Three ingredients for becoming a creative tool user**

3

Josep Call

### **2 Ecology and cognition of tool use in chimpanzees**

21

Christophe Boesch

### **3 Chimpanzees plan their tool use**

48

Richard W. Byrne, Crickette M. Sanz and David B. Morgan

## **Part II Comparative cognition**

65

### **4 Insight, imagination and invention: Tool understanding in a non-tool-using corvid**

67

Nathan J. Emery

### **5 Why is tool use rare in animals?**

89

Gavin R. Hunt, Russell D. Gray and Alex H. Taylor

### **6 Understanding differences in the way human and non-human primates represent tools: The role of teleological-intentional information**

119

April M. Ruiz and Laurie R. Santos

### **7 Why do woodpecker finches use tools?**

134

Sabine Tebbich and Irmgard Teschke

## **Part III Ecology and culture**

159

### **8 The social context of chimpanzee tool use**

161

Crickette M. Sanz and David B. Morgan

### **9 Orangutan tool use and the evolution of technology**

176

Ellen J. M. Meulman and Carel P. van Schaik
