

Index

- 40-Hour Famine, 24
- abstractions, *see also* beliefs
 emotional bonds with, 138–139, 328–329
 underpinning circles of reciprocity, 157, 203–204, 308, 320–323
- Africa, 24, 132, 192, 276, 306
- aim of the book, 29–30, 51, 72–73, 334
- altruism, 4, 18–19, 24, 58–60, 153
- America
 Declaration of Independence, 158
 President, 310–311
- analog reasoning, 32–34
- animals, *see also* cows, power
 social, 133–134, 138–139
- apprenticeships, *see* qualifications, education, wage–work contract
- army recruits, 77–78
- Asian crisis, 281–282
- attachment (emotional), 60
 of men to children, 140
- Australia, 44, 315–318
 Aborigines of, 183
- babies
 as scientists, 110
 confiscation of by Ottomans, 189
- bakery, 231–234
- bananas, 315–318
- bankruptcy, 280–281
- beer factory, 274
- beliefs, *see also* expectations, abstractions
 consideration of by economists, 156
 consideration of by sociologists, 214
 examples of, 118–119
 malleability of, 117–119
 role in love, 87–88
 role in power, 123–124
- body language, 121–122, 272
- Bollywood, 82
- brain
 as a storytelling machine, 92–93
 damage, 92
 physiology, 91–92
 train metaphor for the, 93, 98
- bribing the unseen, *see* reciprocity
- business links, *see* contacts
- Caligula, 127
- cannibalism, 43
- Capgras syndrome, 96
- categorization theory, 102–106, 145, 207–209
- caviar, 115
- centralized economies, *see* economic systems (comparative)
- change management, *see* leadership, groups (social)
- cheap talk, 11, 14, 160, 331, 340
- childbirth, 80–81, 107, 137, 140
- children
 development of love program in, 96–98
 emotional development in, 98–101
 role of in the family, 165–166
 starving, 105
- China
 ancient, 167
 modern, 261–262, 272, 288
- church, *see also* circles of reciprocity
 doctrine of, 46, 83
 history of, 83–84
- circles of reciprocity, 29
 examples of, 155
 large, 154–157, 202–204
 leadership in, 157, 283–284
 small, 152–153, 198–199, 278–279

- circles of reciprocity (*cont.*)
 - within companies, 161, 198
- class theory, 209–213
- communism, *see* economic systems
 - (comparative), China, Russia
- companies, *see* organizations
- comparative advantage, 9–10, 52, 254
 - exploitation of within groups, 198–199
 - role of contact makers in exploiting, 229–230
- competition, *see also* regulation, 2
 - amongst ideals, 29
 - amongst individuals, 2, 51–53
 - amongst institutions, 2, 55–57
 - amongst organizations, 53–54
 - perfect, 51–53, 68–70
- compliance, *see* obedience
 - tax, *see* tax-paying behavior
- contact makers, *see also* expectations,
 - networks, private sector
 - ability of to specialize, 229–230, 239
 - and agriculture, 228, 305–306
 - as catalysts for circles of reciprocity, 244–245, 305
 - costs faced by, 230–231
 - definition of, 227–228
 - examples of, 227
- contacts, *see also* networks
 - aspects of, 231–235
 - changing, 234, 238–249, 254, 257, 260
 - definition of, 231, 275
 - examples of, 231–235
 - fractionalized, 232–233
 - role of in economic growth, 235–236, 268–269, 334
- control, *see also* power
 - babies' lack of, 110
 - held by a central ministry, 254
 - of power, desire for when attracted to the powerful, 126–127
 - over contact making, 243–244, 252–254
 - over means of production, in transition economies, 264
 - passage of, within a democracy, 283–284
 - personal, 77, 79
 - sense of, as a mental need, 116
 - within institutions, 191
- core concepts, 34–36
- corruption
 - in transition economies, 259, 263
- cows
 - ancestral command to slaughter, 192–193
 - eating, 43
 - sacred, xi
- creative destruction, *see also* contacts,
 - growth, comparative advantage, 251–252
- creativity, *see* human capital,
 - entrepreneurs
- crowding-out
 - of charitable behavior by material rewards, 221
 - of other activities by natural resource extraction, 231
- culture, *see also* expectations, 100
 - as a function of aspects of contact making, 239, 246
 - relation of to social desirability, 115
 - superiority of one's own, 118
- Czechoslovakia, 259
- Darwin, 126
- decision making, *see* control,
 - leadership, groups (social)
- democracy, *see also* elections, 57
 - advantages of, 285
 - ancient Greek, 286–287
 - as advocated by contact makers, 245, 286–288, 296–297, 304–305
 - emergence of, 286–288, 304–305
 - leadership in, 283–285
- desirability
 - social, 114–116
 - spiritual, 116–117
- desire, *see also* needs
 - definition and types of, 113–114
- development, *see* growth
- diversity, 229
 - as an impediment to social coordination, 279, 292–293
 - lack of, in leaders of democracies, 284–285
 - value of in groups, 198
- divorce rates, 129

- drugs (illegal), 107
Dutch disease, *see* resource curse
- earring, 115
East Germany, 44, 259
economic system (in aggregate), 334–335
economic systems (comparative), 246–247, 260–261, 263
and social cohesion, 248
in relation to the Eastern European transition, 249–259
- economics
academic journals in, 335–336
as a circle of reciprocity, 156, 321, 331–332, 340–341
as a discipline, 7–8, 36–37, 332, 336–338
as depicted in textbooks, 7–8, 11, 13, 23–24, 45, 215
behavioral, 21–22, 151, 220–222
mainstream view offered by, 2–3, 8, 12, 18–21, 24–25, 41–44, 50–54, 67, 71, 257, 336–338, 342–343
models offered by, 31–32, 49–50, 54, 73, 149–150, 215–222, 251–252, 266–268, 289–290, 292, 315, 320, 324
morality of, *see also* morality, 36–37, 42, 61, 346–348
versus other social science disciplines, 7, 29, 46, 72–73, 187–188, 335
- economists, 195
early, 4, 8, 19, 48, 51, 55, 57–58, 66–67, 69, 124, 212–213, 309
image of, 14, 27–29, 331–332, 337
modern, 36, 48, 49, 55, 58, 62, 69, 72, 150–151, 200, 237
policy advice of, 3, 7, 10, 12–14, 19, 23, 27, 45, 53, 270–273, 275, 319, 322, 325, 330, 333, 346
surveys of, 7, 10–11, 13, 24
- education, *see also* school, human capital, 272–273
homogeneity of, in support of group formation, 279
spending on, 330
system of, 187–190, 204–205, 276
- elections, *see also* voting, 17–19, 27, 157
within nation states, 168, 285–286
- emotions, 98–99
activation of, 106–108
fear, 108, 175
regulation of, 100–101
- England, 170
in history, 312
- entrepreneurs, *see also* contact makers, 53, 229, 268, 277
as a productive input, 267, 274–275
- equilibrium
concept of, 52
institutional, 57
- Europe
in history, 22, 83–84, 154–155, 158, 167, 169, 177, 183–184, 188–189, 214–215
modern, 21, 285
- evolution, *see also* competition, Darwin
of group ideals, 173–174, 327
of presumption of reciprocity, 110–112
of psychological traits, 204
- exercise, 107
- expectations, *see also* beliefs, 16, 22, 27, 275
of contact makers, 231, 233
of marriage, 129
within groups, 150, 159, 177–179
- externalities, 14–16, 321–323
- factors of production, *see also* production (economic), 268–269
- falsifiability, 31
