THEMISTIUS, JULIAN, AND GREEK POLITICAL THEORY UNDER ROME

Themistius' close relationship with Christian emperors from Constantius to Theodosius makes him one of the most important political thinkers and politicians of the later fourth century, and his dealings with Julian the Apostate have recently attracted much speculation. This volume presents a new critical edition, translation, and analysis of Themistius' letter to Julian about kingship and government, which survives mainly in Arabic, together with texts, translations, and analyses of Julian's *Letter to Themistius* and Sopater's *Letter to Himerius*. The volume is completed with a text, translation, and analysis of the other genuine work of Greek political theory to survive in Arabic, the *Letter of Aristotle to Alexander*, which dates from an earlier period and throws into relief the particular concerns of Themistius, Julian, and the rulers of the fourth-century Roman world.

SIMON SWAIN is Professor of Classics and Chair of the Faculty of Arts at the University of Warwick. He is the author of a number of well-known studies of the Greek literature of the Roman period, including most recently *Economy, Family, and Society from Rome to Islam* (Cambridge University Press, 2013).

Acknowledgements

Many people make a book. Of those who have been particularly helpful, I shall mention only Eva Mussio, Harry Munt, Uwe Vagelpohl, Ignacio Sánchez, and Elvira Wakelnig, all of whom assisted greatly with the texts and translations. Neil McLynn, Kevin Butcher, and others, together with the readers for CUP, offered valuable encouragement, advice, and proper criticism on other aspects. I am extremely grateful to Bert Smith for his help in supplying the cover picture of the splendid late fourth-century intellectual from Aphrodisias. Special thanks as ever go to my family.
