The letter *f* following a page number denotes a figure; the letter *t* following a page number denotes a table.

- adolescents
 - British youth height data, 6, 24–6, 27–8, 34–6, 35*f*, 78, 79, 79*t*, 80*t*
 - European youth height data, 78–80, 79*t*
 - growth cycles, 23*n*21, 33
 - growth rates, 7–8, 12*n*7, 16
 - nutrition, influence on later health, 8–9, 73
 - See also* child labor; children
- African Americans. *See* blacks, North America
- African blacks, 2, 20, 30–1
- age data
 - aging and health research, 93–4, 99–100, 101*t*, 107–11, 109*t*, 112, 138–9, 143, 146
 - height-by-age, 5, 6, 11, 13–14, 15, 16, 29–30, 38
- age distribution, 110*n*2
- age of onset, chronic diseases, 94, 100, 101*t*, 104–5, 107–8, 109–10, 139, 146
- agricultural diversification, 64–5
- agricultural history, 113–15, 114*f*
- agricultural labor
 - harvest failures and crop planning, 40, 47
 - land reclamation, 64
 - owner/laborer classes, 56, 57*t*, 58, 60–1, 60*t*, 64, 88, 89
 - slaves, 27, 29–30, 142
 - technology introductions, 50*n*9, 64–5, 81–2, 113–15
- agricultural land use. *See* land
 - reclamation; yield-to-seed ratios;
 - yields per acre, averages
- agricultural reporting, 50*n*9
- agricultural stocks, 50–2, 51*t*, 53–4
- agricultural yields per acre, 50*n*9, 84, 87
- agriculture failures. *See* harvest failures
- AIDS, 108
- alcohol
 - consumption, 89, 94, 102–3
 - production, 64–5, 83*n*27
- amenorrhea, 32*n*27
- American Revolution soldiers, height
 - records and data, 15, 20–1, 21*t*, 23, 27
- animal feed, 27*n*22, 51, 52, 58–9, 86, 89
- anthropometric data, 7, 73*n*22, 111, 115*n*6, 141
- See also* body mass index (BMI); height; weight
- anti-poverty laws, England, 63, 117–18
- arable land distribution, 84, 87
- arthritis, 101*t*, 108, 139
