## Subject index

403

- oral health
  - and child development, 4, 9
  - barriers to care, 102–104
  - early childhood research, 96–97, 99–101, **100**
  - economic and social programs, 97–98
  - guidelines and recommendations, 101–102, **103**, 104–107
  - in poor children, 95–96
  - and oral health, 9, 95–96
  - and SES, 6–9, 38–39
  - assessment methods, 56–57
  - definition of, 53–54, **53**, **54**
  - in the United States, 53–54, **53**, **54**
  - PPP. *See* HighScope Perry Preschool Program (PPP)
  - Preschool Curriculum Evaluation Research (PCER) study, 311
  - preschool education. *See also* interventions, Head Start programs
    - and adult well-being, 10–11, 259–260
    - and poverty, 215–217
    - improving quality, 215–217
    - instructional approaches, 294–296
  - productivity. *See* socioeconomic status (SES)
  - Project CARE study, **149**, **161**, 188
  - protein (nutrition), 72–74
- quality of care. *See* evaluation
- Questions Are the Answers* (book), 353
- race
  - and ACA, 328–329, **329**
  - and EHS, 237, 247
  - and health outcomes, 20, **24**, 26–29, 33, **34**, **35**
  - and health service usage, 334, 338
  - and obesity, 355
  - and tooth decay, 96, 101
- RAND Health Insurance Experiment, 338
- reading skills. *See* language skills
- REDI. *See* Research Based Developmentally Informed project (REDI)
- Report of Surgeon General* (2000), 96
- research. *See also* study
  - lifespan conceptual framework, 116, **117**, **118**, **119**, **120**, 351–354, **351**, **352**
  - methodology, 195–196, 210
  - oral health, 99–101, **100**
- Research Based Developmentally Informed project (REDI)
  - evaluation, 221–226, **224**, **225**
  - instructional approaches, 295–296
  - intervention design, 217–221
- Robert Wood Johnson Foundation
  - Commission to Build a Healthier America, 21, 39–40, 42
- safety. *See* injury prevention
- SES. *See* socioeconomic status (SES)
- Smart Start study, **149**, **161**, **191**
- smoking
  - and child development, 30–31, 349–350
- oral health
  - and child development, 4, 9
  - barriers to care, 102–104
  - early childhood research, 96–97, 99–101, **100**
  - economic and social programs, 97–98
