.....
Every effort has been made in preparing this book to provide accurate and up-to-date information which is in accord with accepted standards and practice at the time of publication. Although case histories are drawn from actual cases, every effort has been made to disguise the identities of the individuals involved. Nevertheless, the authors, editors and publishers can make no warranties that the information contained herein is totally free from error, not least because clinical standards are constantly changing through research and regulation. The authors, editors and publishers therefore disclaim all liability for direct or consequential damages resulting from the use of material contained in this book. Readers are strongly advised to pay careful attention to information provided by the manufacturer of any drugs or equipment that they plan to use.

To my father, Mitry Botros Rizk, 1916–2003, a great and most caring
man who inspired me every day of my life and lived to do that.
– B.R.

Contents

List of Contributorsviii

1

Ovarian Cancer Following Use of Clomiphene and Gonadotropin in Assisted Reproduction1

Amin Philip Makar

2

Congenital Anomalies Following Assisted Reproductive Technology15

Barbara Bosch and Alastair Sutcliffe

3

Extra-uterine Pregnancy After Artificial Reproductive Technology24

Jan Gerris and Steven Weyers

4

Minimizing Multiple Pregnancy After Assisted Reproductive Technology33

Jan Gerris

5

Prevention of Multiple Pregnancy After IUI and Ovarian Stimulation46

Frank Vandekerckhove

6

Obstetric Complications of Twin Pregnancy Following Assisted Reproductive Technology54

David Jackson, Brian Brocato, and David Lewis

7

Selection of a Single Embryo for Transfer66

Jana Liebenthron and Markus Montag

8

Complications of Oocyte Retrieval in Assisted Reproduction78

Elie Moubarak and Johnny Awwad

9

Ultrasound Monitoring in ART: Have We Made Any Progress?86

Frank Vandekerckhove and Jan Gerris

10

Complications of Polycystic Ovary Syndrome in Assisted Reproduction Technology98

Ioannis E. Messinis, Christina I. Messini, George Anifandis, and Konstantinos Dafopoulos

11

Classification and Pathophysiology of Ovarian Hyperstimulation Syndrome108

Botros Rizk

12

Genetics of Ovarian Hyperstimulation Syndrome114

Botros Rizk, Sultan Ahmad, Rola Turki, and Adel Abuzenadah

13

Prediction and Prevention of Ovarian Hyperstimulation Syndrome124

Annick Delvigne

14

Treatment of Ovarian Hyperstimulation Syndrome141

Botros Rizk, Candice P. Holliday, Shaima Elbakhit Albasha, and Daniel Antonious

15

Elimination of OHSS by GnRH Agonist and Freezing Embryos149
