PART I THE DIVIDED OCEANS: INTERNATIONAL LAW GOVERNING JURISDICTIONAL ZONES 1

1 The law of the sea in perspective 3
1 Introduction 3
1.1 General considerations 3
1.2 Functions of the law of the sea 4
2 Marine spaces in the law of the sea 5
2.1 Scope of the oceans in the law of the sea 5
2.2 Typology of marine spaces 5
3 Sources of the international law of the sea 9
3.1 Formal sources 9
3.2 Material sources 13
4 Principles of the international law of the sea 16
4.1 Principle of freedom 16
4.2 Principle of sovereignty 18
4.3 Principle of the common heritage of mankind 19
5 The codification of the law of the sea 20
5.1 The Hague Conference for the Codification of International Law (1930) 20
5.2 The First UN Conference on the Law of the Sea (1958) 21
5.3 The Second UN Conference on the Law of the Sea (1960) 24
5.4 The Third UN Conference on the Law of the Sea (1973–1982) 24
6 Outline of the UN Convention on the Law of the Sea 29
6.1 General considerations 29
6.2 Principal features of the Convention 30

Table of Contents
More Information

7 Development after UNCLOS III 32
7.1 General considerations 32
7.2 Adoption of two Implementation Agreements 33
7.3 De facto amendment of the LOSC through Meetings of States Parties 33
7.4 Development of the law of the sea through international organisations 35
8 Conclusions 37

2 Baselines and related issues 44
1 Introduction 44
2 Baselines 45
2.1 Normal baselines 45
2.2 Straight baselines 47
2.3 Juridical bays 54
2.4 Historic bays 57
2.5 Bays bordered by more than one State 60
2.6 River mouths 61
2.7 Ports 62
3 Islands 63
3.1 Nature of the problem 63
3.2 Geological elements of islands 64
3.3 Socio-economic elements of islands 65
3.4 Customary law nature of Article 121 68
3.5 Reefs 69
4 Low-tide elevations 71
4.1 Identification of low-tide elevations 71
4.2 Case law concerning low-tide elevations 72
5 Conclusions 73

3 Marine spaces under national jurisdiction I: territorial sovereignty 77
1 Introduction 77
2 Internal waters 78
2.1 Spatial scope of internal waters 78
2.2 Legal status of internal waters 78
2.3 Jurisdiction of the coastal State over foreign vessels in internal waters 79
2.4 Access to ports 80
2.5 Ships in distress at sea 81
3 Territorial sea 84
3.1 Legal status of the territorial sea 84
3.2 The right of innocent passage 86
3.3 The right of innocent passage of warships 89
3.4 The right of innocent passage of foreign nuclear-powered ships and ships carrying inherently dangerous or noxious substances 93
3.5 The rights of the coastal State concerning innocent passage 95
3.6 The obligations of the coastal State concerning innocent passage 97
4 International straits 97
4.1 Legal framework for international straits prior to 1982 97
4.2 Typology of international straits under the LOSC 98
4.3 International straits under Part III of the LOSC 99
4.4 International straits outside the scope of Part III of the LOSC 102

Table of Contents
More Information

4.5 The right of transit passage 104
4.6 Rights and obligations of coastal States bordering straits 106
4.7 Customary law character of the right of transit passage 109
4.8 Non-suspendable innocent passage 109
4.9 Legality of creation of bridges in international straits 110
5 Archipelagic waters 111
5.1 General considerations 111
5.2 Definition of an archipelago, archipelagic States and archipelagic waters 111
5.3 Archipelagic baselines 112
5.4 Jurisdiction of archipelagic States over archipelagic waters 114
5.5 The right of innocent passage through archipelagic waters 116
5.6 The right of archipelagic sea lanes passage 116
5.7 Rights and obligations of an archipelagic State 118
6 Conclusions 119

4 Marine spaces under national jurisdiction II: sovereign rights 123

1 Introduction 123
2 Contiguous zone 124
2.1 The concept of the contiguous zone 124
2.2 Coastal State jurisdiction over the contiguous zone 124
3 Exclusive economic zone 127
3.1 Genesis of the concept of the EEZ 127
3.2 Legal status of the EEZ 129
3.3 Sovereign rights over the EEZ 130
3.4 Jurisdiction of coastal States over the EEZ 132
3.5 Freedoms of third States 135
3.6 Residual rights 136
4 Continental shelf 137
4.1 Genesis of the concept of the continental shelf 137
4.2 Spatial scope of the continental shelf 138
4.3 Criteria for determining the outer limits of the continental shelf beyond 200 nautical miles 139
4.4 The Commission on the Limits of the Continental Shelf 142
4.5 Procedures to establish the outer limits of the continental shelf 144
4.6 Payments concerning the exploitation of the continental shelf beyond 200 nautical miles 146
4.7 The sovereign rights of the coastal State over the continental shelf 147
4.8 Freedoms of third States 149
5 Conclusions 150

5 Marine spaces beyond national jurisdiction 154

1 Introduction 154
2 The high seas 155
2.1 Spatial scope of the high seas 155
2.2 Principle of the freedom of the high seas 155
2.3 Principle of the exclusive jurisdiction of the flag State 157
2.4 The nationality of a ship 160
2.5 Problems associated with flags of convenience 162

More Information

2.6 Exceptions to the exclusive jurisdiction of the flag State (1): the right of visit 164
2.7 Exceptions to the exclusive jurisdiction of the flag State (2): the right of hot pursuit 168
2.8 Exceptional measures for interception of foreign vessels on the high seas 173
3 The Area 177
3.1 General considerations 177
3.2 Spatial scope of the Area 178
3.3 *Raison d'être* of the principle of the common heritage of mankind 178
3.4 Elements of the principle of the common heritage of mankind 180
3.5 International Seabed Authority 181
3.6 System for the exploration and exploitation of resources of the Area 184
3.7 The 1994 Implementation Agreement 186
3.8 Liability of sponsoring States 192
4 Conclusions 192

6 Maritime delimitation 196

1 Introduction 196
2 Concept of maritime delimitation 197
2.1 Definition 197
2.2 Typology of maritime delimitation 198
3 Treaty law concerning maritime delimitation 198
3.1 The 1958 Geneva Conventions 198
3.2 The 1982 UN Convention on the Law of the Sea 200
4 Development of case law relating to maritime delimitation: two contrasting approaches 201
4.1 The first phase (1969–1992) 202
4.2 The second phase (1993–present) 204
4.3 Commentary 207
5 Consideration of relevant circumstances (1): geographical factors 209
5.1 Configuration of coasts 209
5.2 Proportionality 210
5.3 Baselines 214
5.4 Presence of islands 215
5.5 Geological and geomorphological factors 218
5.6 Presence of third States 218
6 Consideration of relevant circumstances (2): non-geographical factors 220
6.1 Economic factors 220
6.2 Conduct of the parties 222
6.3 Historic rights 223
6.4 Security interests 224
6.5 Navigational factors 224
6.6 Environmental factors 224
7 An evaluation 225
7.1 General trend of case law 225
7.2 Judicial creativity in the law of maritime delimitation 225
8 Conclusions 226

PART II OUR COMMON OCEAN: PROTECTION OF COMMUNITY INTERESTS AT SEA 229

7 Conservation of marine living resources 231
1 Introduction 231
2 Conservation of marine living resources prior to 1982 233
3 Conservation of marine living resources under the LOSC (1): the zonal management approach 234
3.1 General considerations 234
3.2 Conservation of marine living resources in the EEZ 234
3.3 Conservation of marine living resources in the high seas 236
3.4 Limits of the zonal management approach 238
4 Conservation of marine living resources under the LOSC (2): the species specific approach 238
4.1 Shared and straddling fish stocks 239
4.2 Highly migratory species 240
4.3 Marine mammals 240
4.4 Anadromous stocks 245
4.5 Catadromous species 246
4.6 Limits of the species specific approach 247
5 Development after the LOSC 248
5.1 The concept of sustainable development 248
5.2 The ecosystem approach 250
5.3 The precautionary approach 252
6 Ensuring compliance 256
6.1 Flag State responsibility and its limits 256
6.2 At-sea inspection of vessels of Contracting Parties 258
6.3 At-sea inspection of non-Contracting Party vessels 260
6.4 Port inspection of Contracting Party vessels 261
6.5 Port inspection of non-Contracting Party vessels 263
7 Conclusions 264

8 Protection of the marine environment 267
1 Introduction 267
2 Typology of marine pollution 269
2.1 General considerations 269
2.2 Land-based marine pollution 270
2.3 Vessel-source marine pollution 271
2.4 Dumping at sea 271
2.5 Pollution from seabed activities 272
3 Legal framework for marine environmental protection prior to 1982 273
3.1 Customary law 273
3.2 Treaty law 274
4 Protection of the marine environment in the LOSC 275
4.1 Generality and comprehensiveness 276
4.2 Uniformity of rules 276
4.3 Obligation to cooperate in the protection of the marine environment 277

More Information

5 Regulation of land-based marine pollution 278
5.1 Limits of the global legal framework 278
5.2 Development of regional treaties 281
5.3 Identification of harmful substances 282
5.4 Precautionary approach 284
5.5 Environmental impact assessment 284
5.6 International control 286
6 Regulation of vessel-source marine pollution 289
6.1 MARPOL 289
6.2 The LOSC regime (1): regulation by flag States 292
6.3 The LOSC regime (2): regulation by coastal States 293
6.4 The LOSC regime (3): regulation by port States 295
6.5 Port State Control 297
6.6 Intervention by coastal States in the case of pollution casualties 298
6.7 Pollution emergencies at sea 300
6.8 Liability for oil pollution damage 303
6.9 Liability for other pollution damage 307
6.10 Issues of special concern: invasive alien species and ocean noise 309
7 Dumping at sea 312
7.1 Regulation of dumping at sea under the LOSC 312
7.2 The 1972 London Dumping Convention and the 1996 Protocol 313
7.3 Regional treaties 314
7.4 Ocean sequestration and fertilisation 315
8 Regulation of pollution from seabed activities 316
8.1 Marine pollution arising from seabed activities under national jurisdiction 316
8.2 Marine pollution arising from seabed activities in the Area 318
9 Environmental protection of ice-covered areas 320
9.1 Article 234 of the LOSC 320
9.2. Environmental protection of the Arctic Ocean 320
10 The impacts of climate change on the oceans 323
10.1 The reduction of greenhouse gas emissions from shipping 323
10.2 Ocean acidification 324
11 Conclusions 328

9 Conservation of marine biological diversity 334
1 Introduction 334
2 Principal approaches to conservation of marine biological diversity 336
2.1 General considerations 336
2.2 Three approaches 336
3 Global legal frameworks for the conservation of marine biological diversity 338
3.1 The 1982 UN Convention on the Law of the Sea 338
3.2 The 1992 Convention on Biological Diversity 341
4 Marine Protected Areas 346
4.1 General considerations 346
4.2 Typology of MPAs in international law 347
4.3 MPAs in the high seas 350
4.4 Limits of MPAs 355
5 Conclusions 356

10 Marine scientific research 359
1 Introduction 359
2 The concept of marine scientific research 360
3 Regulation of marine scientific research in the LOSC 362
3.1 General considerations 362
3.2 Marine scientific research in marine spaces under national jurisdiction 363
3.3 Marine scientific research in marine spaces beyond national jurisdiction 365
3.4 Regulation of scientific research installations 366
4 Legality of military and hydrographic surveys in the EEZ 368
5 International cooperation in marine scientific research 370
6 Transfer of technology 371
6.1 Transfer of technology under the LOSC 371
6.2 IOC criteria and guidelines on the transfer of marine technology 373
7 Conclusions 374

11 Maintenance of international peace and security at sea 377
1 Introduction 377
2 The suppression of piracy 378
2.1 Concept of piracy 378
2.2 Seizure of pirates 382
2.3 The role of the UN Security Council in counter-piracy operations 386
2.4 Evaluation 387
3 Regulation of unlawful offences and weapons of mass destruction at sea 388
3.1 The 2005 SUA Convention 388
3.2 Proliferation security initiative 392
3.3 United Nations interceptions at sea 393
4 Military exercises in the EEZ 394
5 Regulation of nuclear weapons at sea 397
6 Conclusions 399

12 Land-locked and geographically disadvantaged States 404
1 Introduction 404
2 Land-locked States and access to the sea 406
2.1 Legal regime prior to the LOSC 406
2.2 Legal regime of the LOSC 408
3 The navigational rights of land-locked States 410
4 Land-locked and geographically disadvantaged States and uses of the oceans 411
4.1 Fishing rights 411
4.2 Exploitation of non-living resources in the oceans 413
4.3 Marine scientific research 414
5 Conclusions 415

13 Peaceful settlement of international disputes 417
1 Introduction 417
2 Basic structure of dispute settlement procedures in the LOSC 418
2.1 General considerations 418
2.2 The interlinkage between voluntary and compulsory procedures for dispute settlement 420
2.3 Voluntary conciliation 424

3 Compulsory procedures for dispute settlement 425
3.1 Multiplicity of forums 425
3.2 Limitations to the compulsory procedures 427
3.3 Optional exceptions to the compulsory procedures 429
4 The International Tribunal for the Law of the Sea (1): Organisation 430
4.1 Members of ITLOS 430
4.2 The Seabed Disputes Chamber 433
4.3 Special chambers 435
5 The International Tribunal for the Law of the Sea (2): Procedure 435
5.1 Jurisdiction of ITLOS 435
5.2 Applicable law 436
5.3 Proceedings before ITLOS 436
5.4 Incidental proceedings 437
5.5 Judgment 442
5.6 Advisory proceedings 443
5.7 Prompt release procedure 445
6 Conclusions 449

14 Looking ahead 453
1 Limitations of the traditional framework in the law of the sea 453
2 Towards protection of community interests at sea: four models 455
