

The Cambridge Companion to the Philosophy of Law

What is the nature of law as a form of social order? What bearing do values like justice, human rights, and the rule of law have on law? Which values should law serve, and what limits must it respect in serving them? Are we always morally bound to obey the law? What are the philosophical problems that arise in specific areas of law, from criminal and tort law to contract law and public international law?

The book provides an accessible, comprehensive, and high quality introduction to the major themes of legal philosophy written by a stellar international cast of contributors, including John Finnis, Martha Nussbaum, Fred Schauer, Onora O'Neill and Antony Duff. The volume is an exceptional teaching tool that provides a critical introduction to cutting-edge work in the philosophy of law.

John Tasioulas is the inaugural Yeoh Chair of Politics, Philosophy & Law and Director of the Yeoh Tiong Lay Centre for Politics, Philosophy & Law, The Dickson Poon School of Law, King's College London, England.
