POETIC ETHICS IN PROVERBS

The book of Proverbs' frequent use of binary oppositions – righteous and wicked, wise and foolish – has led many to assume that its vision of the moral world is relatively simplistic. This study demonstrates that Proverbs in fact presents a remarkably sophisticated response to ethical questions of profound concern to the Israelite sages who crafted the book: What motivates human beings? How do they learn? How does the power of desire shape human character? Anne W. Stewart analyzes Proverbs' multifaceted collection of images and metaphors to reveal their complex understanding of the development of the moral self, which suggests that character formation requires educating all of the senses and not simply the cognitive faculties. One of few works to make explicit connections between the poetic form of Proverbs and its pedagogical function, *Poetic Ethics in Proverbs* will appeal to all those interested in literary approaches to the Bible.

ANNE W. STEWART is Director of External Relations at Princeton Theological Seminary. Her essays have appeared in the *Journal for the Study of the Old Testament*, the *Harvard Theological Review*, the *Women's Bible Commentary*, and the *Encyclopaedia of the Bible and Its Reception*.

Without counsel plans fail, but with many advisors they succeed.
(Prov 15:22)

I am deeply grateful for the many advisers whose wise counsel has shepherded this project to its completion. This work grew out of my doctoral dissertation at Emory University, and I am indebted to the members of my committee. Joel LeMon provided helpful feedback and thoughtful questions. Christine Roy Yoder has for many years been for me a valued source of wisdom on all matters of biblical literature, theological education, and life itself. And I could not have found better or wiser advisers than Carol Newsom and Brent Strawn. They have consistently modeled for me how to pursue excellence in scholarship while cultivating the virtues of generosity, collegiality, and good humor.

I also wish to thank the many other wise voices who have commented on versions of this work, including William Brown, Joel Kaminsky, Timothy Sandoval, and Nicole Tilford. Their insight has sharpened my thinking, and where errors remain, the sages of Proverbs would no doubt chastise me for failing to heed the counsel of others.

Finally, and most importantly, words cannot express my deep appreciation and love for my parents, Richard Stewart and Dr. Mary Simmonds. This work is dedicated to them, my first and best teachers of wisdom.
