vii
4 The White House Needs Data and a Bigger Survey
   A National Drug Index 71
   HHS Responds to the New Requirements 72
   ONDCP Gets Involved 73
   The First National Drug Control Strategy 75
   ONDCP Tells NIDA to Increase the Sample Size 77
   NIDA Responds to ONDCP’s Demands 79
   Addressing Survey Methodology Concerns 81
   ONDCP Pushes for State-Level Estimates 84

5 Criticism, Correction, and Communication
   Other Studies Challenge NHSDA Estimates 91
   Final Design for the 1990 Survey 91
   Release of 1990 Results by President Bush 94
   The 1991 NHSDA 97
   Competing Drug Control Strategies 99
   Controversy over Revision of a Key Cocaine Indicator 100
   Pre-Election Data Correction 102
   NHSDA Methodological Research 106
   NIDA and Its Grantees Continue to Oppose the Large Sample 110

Wrap-Up for Chapters 3, 4, and 5 113

6 The Survey Moves to SAMHSA
   The Creation of SAMHSA and the Office of Applied Studies 116
   Building OAS 118
   New Leaders and Shifting Policies in the Drug War 120
   1992 NHSDA: Building a Consistent Timetable and Statistical Integrity 121

7 Rising Youth Drug Use in the 1990s
   1993 NHSDA 126
   1994 NHSDA: Tracking Trends during a Survey Redesign 128
   Attacks on Clinton’s Drug Policy 130
   Administration Responses to the Increases in Youth Drug Use 132
   1995 NHSDA: Creating a Bridge to the Past 132
   Pre-Release Controls and a Leak of the 1995 Survey Findings 134
   States Legalize Medical Use of Marijuana 138
   1996 NHSDA 139
   1997 NHSDA: Expanded Samples in California and Arizona 140
   1998 NHSDA 141

8 Better Sample, Better Analysis, but Not Always
   State and Metropolitan Area Estimates 144
   Miami Success, Thanks to Andrew 145
   New Data for HIV-AIDS Research 147
   How Many People Need Treatment for a Substance Abuse Problem 149
   To Predict the Future, You Must Understand the Past 151

Wrap-Up for Chapters 6, 7, and 8 155
Table of Contents

Contents ix

9 A Perfect Redesign Storm 159
  Computer-Assisted Interviewing 159
  Estimates for Every State 162
  Tobacco Module 164
  The Final Implementation Plan 166
  How Many Federal Statisticians Does It Take? 167
  The New Sample Design 169
  The New Instrumentation 172
  Respondents Report More Drug Use with Inexperienced Interviewers 175
  The Mode Effect on Reporting of Drug Use: Paper versus Computer 176
  Release of the 1999 State and National Results 177

10 Continuing Survey Design Improvements 180
  Incentive Payments 180
  Improvements in Data Collection Quality Control 181
  Changing the Name of the Survey 182
  Concern about Trend Measurement 183
  Questionnaire Changes 184
  Collecting Urine and Hair from NHSDA Respondents 186
  Results from 2000 through 2002 187
  Impact of the Changes in 2002 191
  Four Years of Redesign 192

Wrap-Up for Chapters 9 and 10 194

11 Analytic Bankruptcy, Reorganization, Recovery, and Resilience 196
  SAMHSA’s Data Strategy and National Outcome Measures 196
  OAS Recovers and Rebuilds 199
  Sharing Data While Protecting Respondent Confidentiality 200
  OAS Becomes a Center 203
  Annual Releases of 2003–2014 NSDUH Results 204
  Estimating First-Time Drug Use (Initiation) 206
  A Powerful Analytic Tool 207

12 How to Redesign an Ongoing Survey, or Not 212
  Conceptual Approval for a Redesign 212
  Areas for Improvement 214
  Methodological Research to Guide Design Decisions 215
  Assessing Data Users’ Needs 215
  Advice from Outside Experts 216
  Managing the Redesign Work While Continuing the Survey 216
  Final Design Decisions 217
  Redesign Effects on Estimates 220
  Other Changes Considered for the Survey 222
  Mental Health Surveillance 225

Wrap-Up for Chapters 11 and 12 229
## Contents

13 Lessons Learned and Future Challenges 232
- Improving Communication While Maintaining Statistical Integrity 232
- The Value of Methodological Research 233
- Managing Survey Redesigns 234
- Effective Use of Consultants 235
- Making Connections across the Survey Research Community 236
- The Real Value of Surveys: Findings 237
- Next for NSDUH 238
- Challenges for Surveys, Statisticians, and Users of Survey Data 240
