Introduction: Population Aging, Healthcare Systems and Surgery 1  
Gabriella Bettelli, Domenico Cucinotta and Bruno Neuner

Section 1 – Preoperative Evaluation

1 Aging and Age-related Functional Changes 3  
Giancarlo Ghironzi, Jaume Canet Capeta, Ana Fernández Cortés and Gabriella Bettelli

2 Preoperative Evaluation from Traditional Consultation to Comprehensive Geriatric Assessment: A 360° Perspective 9  
Gabriella Bettelli

3 Comorbidities and Multimorbidity 24  
Judith Cohen-Bittan, Hélène Vallet, Lorene Zerah and Jacques Boddaert

4 Poly-medication and Perioperative Medication Management 30  
Gabriella Bettelli

5 Assessment of Functional Reserve 38  
Guillaume Bousquet-Dion and Francesco Carli

6 Cognitive and Emotional Evaluation 46  
Bruno Neuner and Gabriella Bettelli

7 Sensorial Evaluation and Impact of Visual and Hearing Impairment on Communication 51  
Giovanni Zuliani and Amedeo Zurlo

8 Preoperative Testing 56  
Maurizio Solca

9 Team-based Discussion on Preoperative Evaluation and Decision-making About Surgery 60  
Suzanne Festen, Pauline de Graeff, Joanna A. Ijzerman and Barbara L. van Leeuwen

10 Communication and Informed Consent 68  
Concezione Tommasino

11 Preoperative Care in Emergency Surgery 76  
Andrea Falvo, Valeria Frisenda, Cesare Gregoretti and Luca Brazzi

Section 2 – Preparation for Surgery

12 Prehabilitation: How to Enhance Cardio-respiratory Functional Reserve Before Surgery 81  
Enrico Maria Minnella and Francesco Carli

13 Diagnosis and Treatment of Nutritional Deficits 90  
Concezione Tommasino

14 Prevention of Cognitive Complications 97  
Eleonora F. Orena, Anastasia Borozdina and Federico Bilotta

15 Psychological Support in Elderly Surgical Patients 103  
Eleonora F. Orena

16 The Role of Geriatric Nurses in Preparing the Elderly for Surgery 108  
May Karam
## Section 3 – Intraoperative Management

17 **Entering the Operating Theater: A Challenging Experience**  
Marina Giampieri, Patrizia Paoloni and Laura Cassetta

18 **Safety in the Operating Room: Special Needs of Geriatric Patients**  
Gabriella Bettelli

19 **The Geriatric Patient and Anesthesia**  
Etienne Imhoff, Serge Mollie and Vincent Piriou

20 **Regional Anesthesia Techniques**  
Helene Belloeil and Philippe Sitbon

21 ** Fluids and Electrolytes Management**  
Concezione Tommasino

22 **Surgery in the Elderly: General Considerations**  
Isacco Montroni and Riccardo A. Audisio

23 **Cancer Surgery and the Elderly**  
Isacco Montroni and Riccardo A. Audisio

24 **Orthopedic Surgery**  
Francesco Lijoi, Margherita Bianconi and Maria Luisa Davoli

25 **Cardiovascular Surgery**  
Francesco Vetta, Massimo Massetti, Gabriella Locorotondo and Alessia Rabini

26 **Thoracic Surgery**  
Uliano Morandi, Alessandro Stefani and Beatrice Aramini

27 **Abdominal Surgery**  
Giampaolo Ugolini and Federico Ghignone

28 **Day Surgery and Office-based Procedures**  
Gabriella Bettelli and Maurizio Solca

29 **Cataract Surgery**  
Maria Sammartino, Flavia Toni, Cristina Olivieri and Fabio Sbaraglia

### Section 4 – Postoperative Management

30 **The Elderly in the Recovery Room**  
Agnes Almayrac and Frédéric Le Saché

31 **Endocrine and Metabolic Response to Surgical Stress in the Elderly**  
Maria Caterina Pace and Lorenzo De Nardis

32 **Postoperative Pain Treatment**  
Frédéric Aubrun

33 **General Principles of Postoperative Recovery**  
Giampaolo Ugolini and Federico Ghignone

34 **Fast-track and ERAS Programs in Geriatric Surgery**  
Pierre Frauche, Martin Hübner and Olle Ljungqvist

35 **Postoperative Nursing**  
Cristiana Forni and Fabio D’Alessandro

36 **Cardiovascular Complications**  
Francesco Vetta and Gabriella Locorotondo

37 **Perioperative Venous Thromboembolism in the Elderly: Prevention and Treatment**  
Emmanuel Thienpont and Charles Marc Samama

38 **Treatment of Postoperative Delirium**  
Anastasia Borozdina, Eleonora F. Orena and Federico Bilotta

39 **Postoperative Respiratory Complications**  
Ulf Guenther
Table of Contents

40 Renal Complications 268  
Cédric Villain and Jacques Boddaert

41 Postoperative Admission to the Intensive Care Unit 277  
Bertrand Guidet, Caroline Thomas, Guillaume Leblanc, Ariane Boumendil and Dominique Pateron

42 Prevention of Postoperative Geriatric Syndromes 283  
Lorene Zerah, Judith Cohen-Bittan, Hélène Vallet and Jacques Boddaert

43 Planning for Discharge 290  
Amedeo Zurlo and Giovanni Zuliani

44 Ethics in Geriatric Surgery, End-of-Life and Palliative Care 296  
Prabhath Fernando, Amit Arora and Peter Crome

45 Models of Care and Organizational Solutions for Geriatric Surgery 303  
Gabriella Bettelli, Alberto Ferrari and Maurizio Costantini

46 Hospital Design for the Elderly Surgical Patient 309  
Maurizio Costantini

47 Patient Safety, Ergonomics and Clinical Risk Management 321  
Sara Albolino and Maurizio Costantini

48 Systemic Approach to Management in Geriatric Surgery: Methods and Tools 328  
Maurizio Costantini and Maurizio Sebastiani

49 Systems Engineering in Geriatric Surgery: The Contribution of Modeling and Simulation 336  
Maurizio Costantini and Berardo Naticchia

50 Closing the Loop: How the Elderly Live the Experience of Surgery 342  
Gabriella Bettelli

Section 5 – Key Issues for Optimal Organization
