     284–89  
   Northern Africa, 24*t*, 24–25, 34–35  
   small- and medium-sized  
     enterprises, 268–70  
 Africa Regional Intellectual Property  
   Organisation (ARIPO), 217,  
   268–75  
 African Centre of Statistics at  
   UNECA, 363  
*African Innovation Outlook*, 337,  
   341, 363  
 African Intellectual Property  
   Organization (OAPI), 269  
 African Observatory for Science,  
   Technology and Innovation  
   (AOSTI), 11, 354, 367–70  
 African Science, Technology and  
   Innovation Indicators (ASTII),  
   340, 341, 368  
 African Union Commission, 367–70  
 Africa's Ministry of Science and  
   Technology, 7  
 agricultural extension officer  
   (AEO), 279  
 agricultural extension services  
   (AESs), 279  
 agricultural innovations, 283  
 Agricultural Policy Action Plan  
   (APAP), 191
- Algeria, 24  
 apprenticeships, 80  
 appropriation mechanisms, 3, 232  
   accessibility, 180–81  
   alternate strategies for, 178–79, 179*t*  
   awareness of attitudes toward IPRs,  
     177–78, 178*t*, 178*f*  
   country study observations, 245,  
     246*t*–47*t*  
   defined, 232–36, 235*f*  
   empirical findings, 236–38  
   formal economy, 127–28, 234, 236,  
     240–42  
   home and personal care products in  
     South Africa, 175–77, 176*t*  
   Honey Bee Network, 240, 241  
   implications for policy, 182–84  
   indigenous/local communities,  
     243–45  
   in informal economy, 129, 237,  
     238–40, 242–43, 259  
   intellectual property rights, 170–75,  
     174*t*  
   metalworking sector in Nairobi,  
     127–29, 128*t*, 132, 248–49  
   patents, 251  
   semi-formal, 128–29, 179–80, 236,  
     239, 242–43  
   technology in innovation, 98  
   traditional herbal medicine in  
     Ghana, 216–20, 218*t*  
   Uganda automotive artisans, 249–51  
   wider use of, 181–82
- Asia, 26–27, 28*t*, 40  
 association as rights owner, 132  
 automotive artisans in Uganda, 67
- backward linkages, 73  
 “base-of-the-pyramid” (BoP)  
   innovation, 56

- benefit-sharing in surveys, 359
- Biodiversity Act, India, 288
- biopiracy, 287
- “bottom of the pyramid”
  - consumers, 102
- brands/branding, 2, 134, 175
- Brazil, 58, 217
- Broad-Based Black Economic
  - Empowerment Act (2003), South Africa, 328
- capability in micro-firms, 71–72
- capital needs, 61, 71–72, 133–34, 148
- Center for Intellectual Property and Information Technology (CIPIT), 121
- Central African Economic and Monetary Union (CEMAC), 269
- Centre for Research in Transportation Technologies (CRTT), 280
- Centre for Scientific Research into Plant Medicine (CSRPM), 195, 207, 222
- China, 211, 217, 224
- chip cutter manufacturing, 114, 115*f*
- cluster organization, 101–2
- co-creation hubs, 320
- collaborative innovations, 80
- collective arrangements and policy
  - dialogue, 301–2
- collective saving schemes, 318
- College of Engineering, Design, Art, and Technology (CEDAT), 250, 280
- combined surveys, 348–54
- Committee on Herbal Medicine
  - Research and Intellectual Property Rights Protection, 223, 310
- communities as agents of
  - innovation, 72
- Community Innovation Survey (CIS), 338, 339, 343, 362
- Companies and Intellectual Property Commission (CIPC), South Africa, 173
- “constrained gazelles,” 65
- constraint-based innovations, 80
- Consumer Affairs Act (2008), South Africa, 173
- contractual agreements, 176
