

Woodrow Wilson and American Internationalism

In this new work, one of the world's leading historians of U.S. foreign relations, Lloyd E. Ambrosius, addresses enduring questions about American political culture and statecraft by focusing on President Woodrow Wilson and the United States in international relations during and after World War I. Updated to include recent historiography as well as an original introduction and conclusion, *Woodrow Wilson and American Internationalism* features nine different essays closely linked together by the themes of Wilson's understanding of Americanism, his diplomacy to create a new world order in the wake of World War I, and the legacy of his foreign policy. Examining the exclusive as well as universal dimensions of Wilsonianism, Ambrosius assesses not only Wilson's role during his presidency but also his legacy in defining America's place in world history. Speaking to the transnational turn in American history, Ambrosius shows how Wilson's liberal internationalist vision of a new world order would shape U.S. foreign relations for the next century.

Lloyd E. Ambrosius is Emeritus Professor of History and Samuel Clark Waugh Distinguished Professor of International Relations at the University of Nebraska–Lincoln, which honored him with the Louise Pound-George Howard Distinguished Career Award in 2015. He is the author of *Woodrow Wilson and the American Diplomatic Tradition: The Treaty Fight in Perspective* (Cambridge University Press, 1987), *Wilsonian Statecraft: Theory and Practice of Liberal Internationalism during World War I* (1991), and *Wilsonianism: Woodrow Wilson and His Legacy in American Foreign Relations* (2002).

This series showcases cutting-edge scholarship in U.S. foreign relations that employs dynamic new methodological approaches and archives from the colonial era to the present. The series is guided by the ethos of transnationalism, focusing on the history of American foreign relations in a global context rather than privileging the United States as the dominant actor on the world stage.
