INDEX

- Addison, Dr, on infection, 81
 Age, influence of, 106
 Air sewage, 49, 59, 77, 161
 Alcoholism, 226
 Alexines, 122
 Andrew, Dr, on contagion, 80 92
 Animals, dying, 9
 Ancell, on bodily resistance, 115
 Aqueous vapour from lungs, 24, 160
 from soil, 161
 from weaving sheds, 161
 Aretaeus, prescription of, 13
 Army, commission on sanitary state of, 51
- Bacillus of tubercle, 23, 34, 35
 numbers of, in breath, 35; in sputum, 35
 Bang, on cattle in Denmark, 221
 Baumgarten, on latent tuberculosis, 108
 Beevor, Sir Hugh, researches, 44, 173
 Bennet, Dr H., on infection, 84
 on lepers, etc., 79
 Biggs, Dr Hermann, on disinfection, 56
 on New York, 54
 Böllinger, on congenital tubercle, 106
 on healed tubercle, 150
 Bouchardat, Mons., on "Misère Physiologique," 22
 Bowditch, Dr, on dampness of soil, 29, 41, 51
 Breath, organic matter in, 24, 34
 quantity of organic matter in, 36
 Briquet, Dr, on family predisposition, 28
 Broadbent, Sir W. on National League for Suppression of Tubercle, 54
 on one-sided phthisis, 180
 Buchanan, Dr, on dampness of soil, 29, 41, 51
 Budd, Dr W., on tubercle bacillus, 81
 Building byelaws, 219
 in Liverpool, 49
 in London, 49
 Buttar, Dr, on Insurance Act, 67
- Candler, on influence of light on bacillary virus, 142
 on tubercle bacillus as saprophyte, 173
 Carbonic acid, respiratory, 60
 Carswell, Dr, on cure of consumption, 17
 Cattle, infected by tuberculosis, 55, 74, 221
 Celsus, on sea voyages, 13
 Chaplin, Dr Arnold, on infection, etc., 79
 Childs, Dr C., cultivations by, 166
 Cirrhosis of lung, 27
 Coles, Dr, on blood, 119
 on phagocytes, 122
 Collective investigation, 181
 Commission, Royal, 7, 17
 Common lodging-houses, 243, 244
 Conditions of infection, 78, 113, 142, 149
 social, 227
 Consumption, a filth disease, 38
 a preventable disease, 246
 absence of, in cold climates, 10
 causes of, 1, 8, 25
 cleanliness, in relation to, 11
 climatic, 3, 21, 93
 Cornet on, 41, 52
 crusade against, 51
 cultivation of bacillus, 95
 cure of, 13
 deaths from, in capitals, 4, 14
 diet and, 6
 distribution of 33
 hospitals for, 55
 infection from, 34, 41, 51
 insurance against, 15
 latent, 107, 108
 notification of, 47, 52, 54
 ozone and oxygen in, 135
 predisposition to, 2, 27
 prevention of, 1, 57, 69; measures for, 37
 prognosis of, 17
 susceptibility of, 90
