Preface xi
Levels of Evidence xii
List of Abbreviations xiii

1	Cardiac Arrest: Post Resuscitation Management 1	12	Surgical Management of Pancreatitis 91
	Richard Porter and Andrew Temple		Qaiser Jalal and Ahmed Al-Mukhtar
2	Initial Management of the Polytrauma Patient 9	13	Intra-abdominal Hypertension and Abdominal Compartment Syndrome 98
	Nicola Pawley and Paul Whiting		Helen Ellis and Stephen Webber
3	Management of Major Burns on the Intensive Care Unit 17	14	Management of the Ventilated Asthmatic Patient 107
	Tushar Mahambrey, Emma England and Will Loh		Jochen Seidel
4	Management of Sepsis 25	15	Pneumonia 115
	Chris Thorpe		Gerry Lynch
5	Rhabdomyolysis 33	16	Interstitial Lung Disease 124
	Ingi Elsayed and Ajay H Raithatha		Zhe Hui Hui and Omar Pirzada
6	Management of Acute Liver Failure 40	17	Chronic Pulmonary Hypertension: What Does Critical Care Have to Offer? 131
	Elizabeth Wilson and Philip Docherty		Bevan Vickery and Andrew Klein
7	Status Epilepticus 48	18	Acute Lung Injury 141
	Graeme Nimmo		Gary H Mills
8	Acute Ischaemic Stroke 57	19	The Role of Noninvasive Ventilation Following Extubation of Intensive Care Patients 147
	Samir Matloob and Martin Smith		Alastair J Glossop
9	Subarachnoid Haemorrhage 65	20	Valvular Heart Disease and Endocarditis: Critical Care Management 152
	Alex Trotman and Peter Andrews		Jonathan H. Rosser and Nick Morgan-Hughes
10	Management of Traumatic Brain Injury 74		
	Matthew Wiles		
11	Variceal Haemorrhage 84		
	Gregor McNeill		

vi	Contents
21	Cardiac Failure Management and Mechanical Assist Devices 158 Miguel Garcia and Julian Barker
22	Management of Common Overdoses: A Severe Case of Amitriptyline Overdose 166 Ascanio Tridente
23	Necrotising Soft Tissue Infections in the Intensive Care Unit Setting 172 Jane Cunningham and Dave Partridge
24	Fungal Infections 179 Rachel Wadsworth and Dave Partridge
25	The Acutely Jaundiced Patient: Autoimmune Hepatitis 185 Lin Lee Wong and Dermot Gleeson
26	Massive Haemorrhage 194 Sarah Linford and Thearina de Beer
27	Glucose Emergencies 201 James Keegan and Gordon Craig
28	Endocrine Emergencies 210 Aylwin J. Chick
29	Acid Base Abnormalities 218 Alastair Glossop
30	Nutrition and Refeeding Syndrome 225 Sarah Irving
31	Pre-eclampsia and Eclampsia in Critical Care 232 Martin J Feat
32	Airway Management 239 Timothy Wenham and Aditya Krishan Kapoor
33	Bronchoscopy and Tracheostomy 247 Steve Cantellow and Victoria Banks
34	Central Venous Catheter Infections 256 Andrew Leeson and Stephen Webber
35	Ventilator Associated Pneumonia 265 Alastair Jame Morgan
36	Neuromonitoring 275 Martin Smith
37	Monitoring Cardiac Output 284 Tim Meekings
38	The Surgical Patient on Critical Care 291 John Jameson
39	Delirium in the Intensive Care Unit 296 Richard Bourne
40	Death and Organ Donation 303 Steven Lobaz and James Wigfull
41	Managing the Acutely Ill Child Prior to Transfer 309 David Rowney
42	Who to Admit to Critical Care? 316 Daniele Bryden
43	Clearing the Cervical Spine in the Unconscious Patient in the Intensive Care Unit 322 Michael Athanassacopoulos and Neil Chiverton
44	Alcohol Related Liver Disease (Whom to Admit to Critical Care, When to Refer to a Specialist Centre) 329 James Beck and Phil Jackson
45	Hyperpyrexia 335 Sarah Irving
	<i>Index</i> 343
	The color plates appear between pages 206 and 207.
