Cambridge University Press has no responsibility for the persistence or  
accuracy of URLs for external or third-party internet websites referred to  
in this publication, and does not guarantee that any content on such  
websites is, or will remain, accurate or appropriate.

Every effort has been made in preparing this book to provide accurate and  
up-to-date information which is in accord with accepted standards and  
practice at the time of publication. Although case histories are drawn from  
actual cases, every effort has been made to disguise the identities of the  
individuals involved. Nevertheless, the authors, editors and publishers can  
make no warranties that the information contained herein is totally free  
from error, not least because clinical standards are constantly changing  
through research and regulation. The authors, editors and publishers  
therefore disclaim all liability for direct or consequential damages  
resulting from the use of material contained in this book. Readers are  
strongly advised to pay careful attention to information provided by the  
manufacturer of any drugs or equipment that they plan to use.
