## INDEX

- self-certification adoption, 78–80
- standards, technical regulations and conformity assessment procedures, 175–182
- tariff liberalization provisions, 133–141
- textiles and textile products attachment, 195–196
- trade facilitation provisions, 161–165
- trade remedy measures, 188–189
- underutilization of, 86–92
- “ASEAN Way” of consensus and non-confrontation, 1–3
- regional trade agreements and, 86–92
- “ASEAN-X” concept, self-certification and, 82–85
- Australia, ASEAN–Australia–New Zealand FTA and, 48–49
- automotive products
  - ASEAN trade agreements and, 6
  - Form D certificate of origin problems and, 69
  - product-specific rules of origin for, 27–34
- “blanket” certificates of origin, use in NAFTA of, 77–78
- Brunei, self-certification program in, 78–80, 82–85
- “buffet” policymaking, self-certification and, 82–85
- build-down calculations
  - ASEAN FTA agreements, 89
  - in ASEAN–Korea FTA, 51–52
- build-up calculations, in ASEAN–Korea FTA, 51–52
- Cambodia
  - Agreement on Customs Valuation and, 169n.7
  - Information Technology Agreement and, 34–39
- certificate of origin (CO)
  - in ASEAN–China FTA, 40–48
  - ATIGA data requirements, 228–256
  - ATIGA operational procedure for, 206–223
  - “blanket” certificates of origin, 77–78
  - customs administration and, 72–73
  - free trade agreements and, 1–3
  - issuance rates for, 3–6
  - loss of origin prevention of, 73–75
- Certified Exporter status, self-certification and, 78–80
- change in chapter (CTH)
  - ATIGA revised rules of origin and, 34–39
  - product-specific rules of origin and, 27–34
- change in tariff classification (CTC)
  - in ASEAN–Australia–New Zealand FTA, 48–49
  - ASEAN–India FTA and, 49–51
  - ATIGA revised rules of origin and, 34–39
  - Form D certificate of origin and, 57–72

INDEX

- change in tariff classification (CTC) (cont.)
  - product-specific rules of origin and, 27–34, 86–92
