INDEX

Aberdeen, agricultural wages in, 248
Abortion, contagious, losses from, 7
Acacia catechu, as a joint product, 422
Accounting methods, reluctance of farmers to adopt, 21
Accounting principles, those adopted in Cost of Production studies, 439
Achill, rundale in, 40
Adland sub-Committee, its forestry proposals, 41
Acre, universal character of the, 41
Acreage, attempts at curtailment of, 23–4
Acres, number of, required for sustenance of the individual, 28
Adams, Professor W. G. S., 523
Advisory Officers, types of agricultural, 559
Aforestation, grants from the State for the purpose of, 410, 416
— reluctance of private landowners to embark upon, 409
Africa, damage to crops in, by natural enemies, 7
— problems of land-tenure in, 105–6
— production of gold in, 25, 474
Agents of production, the three, comparative utilisation of, 27, 142
Agitation, tithe upon, 156, 157
"Agrarianism", in Germany, 117
"Agricultural assets", definition of, 356 (footnote)
Agricultural commodities, price index numbers of, 1922–3 to 1931–2, 534
Agricultural Credits Act, the (1920), 544, 553, 524–5
— the (1928), 355–7
Agricultural Economics, definition of, 3
— research in, 530
Agricultural Economics (J. E. Boyle), 300–1
— (E. G. Nourse), 93
Agricultural Economics Research Institute, the, 327
Agricultural Economics Society, address to the, by R. J. Thompson (on extent of the agricultural depression), 502
— by Sir W. Dampier (on land values), 74
Agricultural Executive Committees, work of the war-time, 485, 499–500
Agricultural Holdings Act, the (1851), 71
— the (1875), 71
— (1883), 71
— (1908), 71
— (1923), 71, 356 (footnote)
Agricultural Labour, cost of in post-war years, 249
"Agricultural Land", definition of, 84
Agricultural land, estimated value of, in England and Wales, 74–5, 85
Agricultural Land (Utilisation) Act, the, 137
Agricultural Lock-out, The, 1874, 224
Agricultural Market Report, the, 437
Agricultural Marketing Act, the (1931), 312–14, 320, 543
— the (1935), 314–15, 320, 543
— the, of the U.S.A. (1929), 302–3
Agricultural Mortgage Corporation, the, 355–6
Agricultural Organisation Society, the, 341–8
Agricultural Output of England and Wales, 1925, the, 145
Agricultural Output of Great Britain, Report upon, 260–8
Agricultural Produce (Grading and Marketing) Act, the, 311
Agricultural Rates Act, the (1896), 191, 193
— the (1923), 195, 525
Agricultural Research Council, the, 257
Agricultural Statistics, Part I, contents of, 435–6
— Part II, contents of, 436
Agricultural Tribunal of Investigation, see Tribunal of Investigation, the
Agricultural Wages Board, the war-time, 226, 230, 239–42
— collects evidence of farm profits, 515
Agricultural Wages (Regulation) Act, the (1924), 244–8
Agricultural Wholesale Society, the, 343
Agricultural Workers, numbers of, in England and Wales at different periods, 288
Agricultural Writers, the value of their work, 515
Agriculture, Board of, the, and price control, 209
— British, estimated capital sunk in, 29
— numbers of persons engaged in, 29
INDEX

Agriculture, British, value of output of, 29
   — economic uncertainty of, 6
   — Minister of, see Minister of Agriculture
   — Ministry of, its current series of agricultural statistics, 451–7
   — prehistory, 31
Agriculture Act, the (1920), 71, 386–9, 392, 536, 538
   — the (1920), its repeal, 391, 539, 400
Aikworth, Northants, open-fields at, 99
Air view, of English agriculture, 9–10
   — of Northern France, 40
   — of Russian “collectivised” farm and peasant’s strips, 99
Alberta, Wheat Pools in, 285–6
Alice in Wonderland, 107
Alkali, impregnation by, 6
“All British” loaf, the, 396
Allotment Societies (Co-operative), 342
“Allotments”, at time of enclosure, 34
Allotments, Census of, in England and Wales, 138, 140, 457
   — early legislation concerning, 127–8
   — “Allotments”, in lieu of common-rights, 126
Allotments, in rural areas, 257
   — provision of, in England and Wales, 138–41
   — Report upon, the (1845), 128
Allotments Act, the (1887), 138
Allowances, farm workers’, attempt to fix values of, 244
   — examples of, 229
Altitude, as a factor in agricultural production, 6
“Amenity” value, 73
America, see United States of America
Amesbury, Small Holdings Colony at, 107
Azucena, Price of, 204
Animal husbandry, importance of, in Great Britain, 8
Aran, land, acreage of, in England and Wales before the Great War, 482–3
   — County yields upon old and new, in 1918, 559
   — in 1919, 560
   — division of, in old times, 36–45
   — extent of, in certain areas in eighteenth century, 425
   — in England and Wales, 1870 to 1891, 314
   — map showing extent of, in England, 11
   — proposed bonus upon, 399
   — report upon the cropping of the new, in 1918, 488–90
   — yield of the new, in 1919, 499
Aragon, Katharine of, 58
Arch, Joseph, the work of, 222–6
Argentina, cereal handling in, 285
   — control of meat imports from, 543
   — wheat acreage of, 380
   — wheat production in, 373
Army Cattle Committee, the, 290
Army Council, its census of livestock, 483
Artificial silk, consumption of, 421
Ashburton, Lord, on need for agricultural statistics, 458
Ashby, A. W., his description of Small holdings in Oxfordshire, 146
Ashley, Sir W., his views upon remedial measures for British Agriculture, 523
Asparagus, grown in Isle of Ely, 120
   “Assessed taxes”, the, 204
Assize of Bread, the, 362
Attachments, agricultural, 301
Auction (Bidding agreements) Act (1927), the, 311
Australia, damage by prickly pear in, 7
   — examples of share-farming in, 94
   — gold supplies from, 474
   — grain elevators in, 285
   — incidence of diminishing returns in, 17
   — loss of wheat in, after the war, 577
   — marketing organisations in, 304
   — quantitative control of meat imports from, 543
   — taxation of land values in, 213
   — utilisation of agents of production in, 27
   — wheat acreage of, 380
   — Wheat Pools in, 287
   — wheat production in, 373, 376
Austria, common-fields in, 41
   — density of labour in, 263
Average, the arithmetical, 455
   — the simple, of crop yields, 460–1
   — “the ten-year”, of British crops, 456
   — the weighted, of crop yields, 435, 460–1
   “Average” crop, the, 465
Average farm, size of, in British Isles, 109
   — in Denmark, 339
   — in each county of England and Wales, 563
   — in England and Wales, 107
   — in France, 115
   — in Germany, 116–17
   “Average” farm, the, 430, 447
   — in relation to population, 121
   “Average price” of corn, 366
“Average” wage, difficulty of estimating, 230
INDEX

“Averaging”, abuses of in the horticultural trade, 311
Asthorne, Isle of, co-operation in the, 349
— open-fields in the, 40–1
— small farmers in the, 129

Bacillary white diarrhoea, losses occasioned by, 7
Bacon, quantitative control of imports of, 545
Bacon factories, 207, 345, 549
Balliff, duties of the manor, 58–60
Baird, Thomas, on wheat production, 303
Bakers, electric and other, 398
Bakewell, Robert, 33
Balance of trade, the, 506
Balks, 41, 44, 45
Baltic corn market, the, 282
Bananas, co-operative marketing of, in West Indies, 387
Banff, agricultural wages in, 248
Bankruptcies among farmers, numbers of, in England and Wales, 1893 to 1922, 541, 567
Banks, difficulties of, in Japan, 335, 386
— the, and advances to farmers, 353
Barley, accuracy of English forecasts as to yields of, 408–8
— acreage of, in British Isles, 368, 389
— in England, 451
— in England and Wales, 1870 to 1922, 539–3
— in the United Kingdom, 1866 to 1922, 551–2
— county yields of, upon new and old arable, in 1918, 559
— in 1919, 560
— guaranteed prices for, 386
— natural weight of, 280
— new varieties of, 475
— prices of, 364–5, 512, 517
— production of, in British Isles, 1914 to 1921, 502
— — 1923–4 to 1931–2, 530
— proportions of home-produced, 1918–14 to 1922–3, 408
— — 1923–4 to 1931–2, 530
— proposed import duty upon, 522
— range in deviations from average yield of, in the United Kingdom, 454
— in various countries, 455
— yields of, in component parts of the British Isles, 451, 459
— in different areas before the Great War, 476–8
— in each county of England and Wales in five periods, 557–8

— — in Great Britain, 1885 to 1932, 554
— — in the United Kingdom, 1884 to 1932, 556
— — in Wales during the war, 406
— — upon large and small holdings in Roumania, 561
— — upon new arable land, in 1918, 494–6
— — in 1919, 499
Barley yields, deviations of, from the average, 556
Barlow, Sir Montague, on rateability of tithe, 170
Barmouth, 9
Barnstaple, 45
Basses-Pyrénées, métayage prevalent in, 88
Battersea, the Vicar of, takes tithe in kind, 167
Bavaria, yields of crops in, 119
Beans, accuracy of monthly forecasts of yields of, 408
— proportions of home produced, 1913–14 to 1922–3, 408
— 1923–4 to 1931–2, 530
— yields of, in component parts of the British Isles, 451, 459
— on new arable in 1918, 489, 496
Beaven, Dr E. S., his work upon barleys, 475
Bedfordshire, density of allotments in, 139
— density of labour in, 263
— early attempt to collect agricultural statistics in, 426
— example of farming losses reported from, 521
— market-gardening in, 120, 128
Beech-woods, acreage under, in Great Britain in 1908, 412
Beef, quantitative control of imports of, 543
— quantity of, purchasable by agricultural workers’ wages, 232
Beer, sale of, at Sturbridge Fair, 281
Beet-sugar, see Sugar-beet
Belgium, agricultural co-operation in, 925–4
— density of population and yield of potatoes in, 124–5
— wheat production in, 373
Belshaw, Professor H., on agricultural credit, 333
— on the “economic lag”, 12
Betton, Isle of Axholme, open-fields in, 40–3
Berry, métairie farms in, 90
INDEX

Beveridge, Sir W., on periodic cycles, 369
Beverley, land Registry at, 86
Biffen, Sir R., his work upon wheat, 396, 475
"Big bud", ravages of, 7
Bigriggswade, effects of railway construction upon assessment of, 193
Bill of sale, the, as a method of borrowing money, 354
Bimetallism, 24, 25
— proposals for introduction of, 474
Birch-woods, acreage under, in Great Britain in 1908, 412
Birkenhead, Lord, and the Law of Property Act, 59
Birmingham, extent of agricultural land in, 84
Black Death, the, its effect upon agriculture, 83, 84
"Block grants", 201–2
Blockade, the submarine, 481, 482, 484
Blount’s Tenures, 55
Board of Inland Revenue, pays half rates on clerical tithe, 170, 175
Board of Stamps and Taxes, Chairman of the, upon the Land Tax, 185

— and its cargo regulations in wartime, 513
— and the Census of Production, 437
— attempts to collect agricultural statistics by, 426, 427, 431
— its estimate of agricultural wages in 1907, 229–30
Boards of Guardians and rating of stock-in-trade, 189
Bolivia, sub-division of land in, 123
"Bonifica"., in Italy, 92
Bonus, see Subsidy
Book of the Basques, A (R. Gallop), 158
Book of the Rothamsted Experiments, the (Sir J. Russell), 15
Borough Election, 61, 65
Bothy system, the, 229
Bounties on export, 361, 365
Bowley, Professor A. L., his estimates of agricultural wages, 221
— on post-war wage-levels, 242
Boyle, James E., on American price-margins, 300–1
Bradford, extent of agricultural land in, 84
Braunton, the Great Field at, 45–6
Bread, Assize of, 362
— British supplies of, in the Great War, unlimited, 509
— control and prices of, in France, 395–4
— home produced, supplies of, in the Great War, 498
— price of, 20
— in relation to that of wheat, 398, 309
— roundsmen, their wage-level, 398
Breckland, afforestation of, 9, 416
— extent of the, 540
Bricklayers’ labourers, wages of, 242
British agriculture, compared with that of foreign countries, by Professor D. H. Macgregor, 524
— position occupied by, 29
British Association, discusses numbers of agricultural workers in 1845, 426
— Sir W. Crookes’ address on wheat supplies to the, 372
British Empire, the, as producer of wheat, 390
— its share of world trade, 545
British Empire Forestry Commission, the, 411
British Sugar (Subsidy) Act, the, 525
Broad-leaved woods, area under, in 1908, 412
Broadbalk Field, the, at Rothamsted, 13
Brodrick, Hon. J. C., his views on the numbers of landowners in England and Wales, 68
Brotherton, Yorks., apportionment of "Ings" at, 48–51.
— tithes collected in, 158
Browne, Sir Thomas, quoted, 32
Bruckner, his "cold and wet" period, 450
Buck, Pearl (Good Earth), quoted, 4
Buckden, Hunts, description of Manor Court held at, 57–60
Buckland, J. M., his advocacy of collection of agricultural statistics, 429, 490
Budget, the, of 1909–10, 211
Bulletin, the, of the U.S.A. Department of Agriculture (on open fields), quoted, 41
— (on systems of land-tenure), 93
— of the International Agricultural Institute (on consolidation of holdings), 122
"Bureaux of Markets", in the U.S.A., 300
Burke, Edmund, quoted, 12, 509
“Burning bias”, the, of Russia, 378
Bushel-renting, in the U.S.A., 93
Butchers, the advantages as purchasers possessed by, 389
Buxton, C. H., his account of Russian agriculture, 377
INDEX

Cambridgeshire, baulks in Southern, 44
— small holdings in, 133
— cereal crops in, 476
— yield of oats in, 456
Camphor-wood, an example of a monopoly, 23
Canada, as an exporter of timber, 418, 420
— importation of cattle from, 518, 544
— incidence of law diminishing returns in, 17
— land values, taxation of in, 212
— reduction of size of farms in, 121
— special provisions affecting, in Corn Law of 1815, 865
— taxation of farmers in, 213
— wheat acreage of, 379, 380
— Wheat Pools in, 285–7
— wheat production of, 376
Canadian wheat, prices of, 399
Canadian Wheat Pool, the, 286
Canning, the, of fruit, 12, 22
Canterbury, tithe distress in neighbourhood of, 180
Capital, agricultural, dangers in lack of, 105
— amount invested in British agriculture, 29
— rate of turnover of, 12, 148
— treatment of, in Cost of Production studies, 409
— utilisation of, 27
Capital value, the, of different types of farm, 75
— tenants’ farming, 75
Carcases, weight of, at different times, 478
Cardiganshire, the agriculture of, 10
Cargo space, allocation of, in war-time, 531
— saving of, by means of Food Production policy, 407
“Carlisle” bushels, 280
Carlile, Thomas, on the need for statistical information, 424
Carriage, costs of, 297
“Carry-over” of wheat, difficulty of assessing the, 372
Carslaw, R. McG., Four Years’ farming in East Anglia, 267, 397
— on relation between size of field and cost of labour, 396
Cartels, European, 544, 547
Cash on Delivery (C.O.D.) system, the, 306
Castor, open-fields at, 39
Catalonia, land expropriation in, 104

Cadastre, the system of, 67
Cald, Sir James, his estimates of labour costs per acre, 264
— his estimates (1878) of values of imported food-stuffs, 481
— his scheme for redeeming tithe, 178
— his views on the value of output of grass as compared with that of arable land, 517–18
— on collection of agricultural statistics, 193
— on distribution of agricultural wages in England, 234
— on future land values, 69
— on security of tenure, 75
— on tithe in Wiltshire, 173
California, gold supplies from, 474
Calves, numbers of slaughtered in post-war years, 509
Cambridge Chronicle, the, on assize of bread, quoted, 362
Cambridge, Commons in, 53
— Corporation of, and Sturbridge Fair, 271
— destruction of “Maitland” thorns in, 54
— large number of allotments in, 139
— prices ruling in corn market at, 77
Cambridge common-fields, tithe of, the, 152
Cambridge University, its custody of weights and measures, 290
— Manor map in library of, 98
— officers of, and personal tithes, 161
— students at, hunt hares in the King’s warrens, 407
Cambridge University Department of Agriculture, Economic Reports of, 18, 22, 74–5, 143, 397, 440
— Economic Report of (upon conditions in East Anglia), 531
— Economic Report of (upon density of labour), 293
— Economic Report of (upon economy of East Anglian farms), 249
— Economic Report of (upon employment of casual labour), 251
— Economic Report of (upon labour utilisation on different sized farms), 140
— Economic Report of (upon productivity of different sized holdings), 110–20
— Economic Report of (upon sugar-beet in the Eastern Counties), 397
— Economic Survey (1911) by, 18, 74–5, 119–21, 268–9, 440, 535, 541
— its estimate of the cost of labour, 298
— Its evidence upon Wheat quota benefits, 403

North-West Wheat Pool, the, of Canada, 284
Nourse, E. G., his Agricultural Economics, 93
INDEX

Oak-woods, acreage under, in Great Britain, 412

— accuracy of monthly forecasts of yield of, 468
— acreage of, in the British Isles, 308–9
— in England, 451
— in England and Wales, 1870 to 1922, 552–3
— in the United Kingdom, 1866 to 1922, 551–2

— county yields of, upon new and old arable, in 1918, 559
— in 1919, 560
— guaranteed prices for, 386–8
— home production of, 1914 to 1921, 502
— 1923–4 to 1931–2, 530
— prices of, 364–5, 512
— proportions of home produced, 1919–14 to 1922–3, 498
— 1923–4 to 1931–2, 530
— proposed quota system for, 404
— quantity home produced before 1914, 480
— range in deviations from average yield of, in the United Kingdom, 454, 556
— in component parts of the British Isles, 451, 459
— in different areas before the Great War, 476–8
— in each county of England and Wales in five periods, 357–8
— in Great Britain, 1883 to 1902, 554
— in the United Kingdom, 1884 to 1922, 556
— upon large and small holdings in Romanvia, 502
— upon new arable land, in 1918, 404
— in 1919, 499

Offals, millers’, proposed control of imported, 532
— supplies of, during the Great War, 504

Olive oil, supplies of, during the Great War, 504

Oklahoma, its Wheat Pool, 284

Okuda, Iku, quoted on strip allocation in Japan, 48

Old arable, crop yields upon, in 1918, 486–96, 559
— in 1919, 499, 560

Open-fields, see Common-fields

“Orange” reports, the, of the Ministry of Agriculture, 299

“Orderly” marketing, 315
— in the U.S.A., 284, 304

Orders in Council, extend system of land registration, 67

Ordnance maps, necessary in checking field areas for cereal bonus, 390, 400

Ordnance Survey, Archaeological Officer of the, 54

Outlaw, R. L., his Land Values Taxation, 210

Output, agricultural, attempts at controlling, 22–3
— per acre, of different sized farms, 143
— per £100 of manual labour, 264
— per unit of land, 27
— per worker, 27
— value of the, at different periods, 297
— on different sized farms, 141–3
— per working horse, the range in, 146
— value of the British agricultural, 29, 461

Overhead charges, treatment of, in Cost of Production studies, 459

Overseers of the Poor, authorised to provide small holdings and allotments, 127
— disappearance of the, 201

“Ownership” (of farms), official definition of, 112, 488

Owston, Isle of Axholme, open-fields in, 40–3

Oxford, manors owned by the Colleges of, 25

Oxfordshire, agricultural wages in, 242
## Index

### Oxfordshire, small holdings in, 146
### Ox-goad, the, as a unit of measurement, 41

- **“Pain de luxe”**, 393
- Palestine, land-tenure in, 106
- Palmerston, Lord, letter of, on Irish farm conditions, quoted, 80
- Parish, the, as a unit for statistical purposes, 435
- Parish Councils, authorised to supply Small holdings, 131
  - duties of, 204
- Pasture gates, 50, 51
- Patton, F. Lester, *his Diminishing Returns in Agriculture*, quoted, 18
- Pavlovsky, G., on Russian agriculture, 96

### Peas, accuracy of monthly forecasts of yield of, 468
  - elasticity of demand for demonstrated by Marshall, 20
  - proportions of home produced, 1913–14 to 1922–3, 498
    - 1923–4 to 1931–2, 500
  - yield of, on new arable, in 1918, 489, 496
- Pedigree livestock, census of, 437
  - its importance, 479
- Peel, Sir R., and the repeal of the Corn Laws, 367
  - W. R. and Orwin, C. S., their proposal for State acquisition of agricultural land, 84–6
- Pembroke College, Cambridge, Fellows of, pay personal tithes, 161
  - “Permanent” grass, definition of for statistical purposes, 438
- Permanent grass, extent of, in England and Wales, 1870 to 1932, 553–4
- Personal tithes, 152, 160–1
- Personality, rateability of tested, 189
- Pests, destruction of agricultural products by, 7
  - timber destroying, 428
- Peterborough, large number of allotments in, 139
- Peterhouse, Cambridge, receives personal tithes from Fellows of Pembroke College, 161
- Petty Session, Courts of, 57
- Physical factors in relation to agriculture, 6
  - Physicocrats, the, and land values, 210, 214

### Piece-work, payments for in agriculture, 229–30

- **Pierpont family, its ownership of Laxton**, 43
- **Piers Plowman**, quoted, 359
  - Pig, prolific character of the, 10
  - Pig products, marketing of, 316
- Pigou, Professor A. C., on significance of inventions in relation to trade cycles, 20
  - Pigs, co-operative marketing of, 349
  - cyclical movements in prices of, 26
  - numbers of, in the British Isles, 1922 to 1932, 529
    - in the United Kingdom, 1914 to 1921, 503
      - 1922 to 1932, 529
      - on different sized holdings, 144–5
    - “Pigs and potatoes”, a policy of, advocated, 508
- **Pilgrimage of British Farming** (Sir D. Hall), 132
  - *Pinus pinaster* as a joint-product, 422
  - “Pitch sales”, 282
  - Pitt, William, and Income tax, 186, 204
  - on agricultural labourers’ wages, 239
  - Plant-breeders, work of the, 477
  - Ploughing-up campaign, the, 438, 485–503
  - Plunkett, Sir H., 382, 345, 352
  - Poland, expropriation of land in, 102
  - Police, recruitment of, from rural areas, 255
  - utilisation of, for collection of agricultural statistics, 451
  - *Politics and the Land* (Sir W. Dampier), 12
  - Pomona, her gifts, 10
  - Pontine marshes, drainage of the, 92
  - Pools, *see* Wheat Pools
  - Poor Law Act, the (1601), 189
  - (the 1834), 191, 218
  - Poor Law Commissioners, their (1842) *Report on the condition of the labouring population*, 255
  - Poor Law Officials, employed in collecting agricultural statistics, 427, 428
  - Poor Rate Exemption Act, the (1840), 169
  - Population, density of, and rate of yield of potatoes, 124–5
    - in relation to sizes of farms, 121
    - in relation to number of allotments, 139
    - increase in, compared with that of wheat area, 374
    - of the world, the, 4
    - movements in, 545
  - relationship of, to land, 27
INDEX

Portugal, expropriation of land in, 101–2
Potato flour, 364
Potatoes, accuracy of monthly forecasts of yield of, 468
— acreage of, in the United Kingdom, 1866 to 1919, 551–2
— cost of producing, 268
— division of, on métairie farms, 89
— home production of, 1914 to 1921, 502
— marketing of, 516
— prices of, 22
— profits derived by middlemen in sale of, 293
— proposed licensing of imported, 522
— sales of, in Ireland, 279
— tithing of, 156, 158, 159
— yield of, in relation to density of population in various countries, 124–5
— yields of, in component parts of the British Isles, 451, 459
— upon large and small holdings in Roumania, 562
— upon new arable land, in 1918, 480, 496
Poultry, division of, on métairie farms, 89
Poultry farming, 7, 8, 300
Poultry farms, capital value of, 75
Pound, gold basis of the, 24
Preadial tithes, 152
Preference, Imperial, 365
Prehistorian agriculture, 31, 54

Smithfield Market, 288
— carcass weights at, 290
Snowden, Lord, his “Land Tax”, 211–12
Social Life in Britain (G. G. Coulton), 162
Soil subsidy, proposals for a, 538–40
Soke of Peterborough, the, 204
Somerset, arable land area of, in 1086 and 1902, 425
Sophora japonica, as a joint-product, 422
South Africa, gold supplies from mines of, 369, 474
—— grain elevators in, 283
—— land values taxation in, 212
—— marketing organisations in, 304
South America, sub-division of land in, 129
—“South Three Associations”, the, of Japan, 333
Soviet farms, description of, the, 97
Sows, numbers of, on different sized farms, 145
Soya beans, methods of growing in Japan, 442
Spain, expropriation of land in, 104
— tithe in, 166
Spemannland policy, the, 218
Sporting rights, value attaching to, 73
“Spread”, the, between producer and consumer, 308–9, 316
Spruce, acreage under, in Great Britain in 1908, 412
“Squarehead Master” (wheat), acreage of in Eastern Counties, in 1925, 564
“Stabilisation Corporations” in the U.S.A., the, 303–4
Staffordshire, the agriculture of, 9
“Standards” plots, as a possible check upon crop estimating, 461

“Standard Cost”, of producing wheat, the, 389
“Standard price”, the, for wheat under the Quota Act, 402
“Standard Year”, the, under the Agriculture Act, 386, 387
Stanford University, U.S.A., Wheat Studies of the Food Research Institute at, 378–9, 383, 566
Staples, L. C. and Smith Gordon, L., on co-operation in Ireland, 346
Starch-equivalents, quantities produced, as proposed basis for agricultural policy, 507
State granaries, proposal for establishment of, 508
“Statist” index-number, the, 533, 540–1
Statistics, agricultural, pitfalls in the handling of, 446
“Statists”, the early, 429
Statute of Labourers, the, 239
Steam ploughs, work of in war-time, 500
Stevenson scheme, the, for rubber restriction, 25
“Stock and Land” leases, 69, 90
“Stock-in-trade”, rateability of, 169
Stockmen, wages of, 230, 231
Store cattle, importation of, 519
— — numbers sold by weight, 290
Story, Professor F., his views on future timber supplies, 421
Stratham, Camb., common-rights at, 96
Strikes, by agricultural workers, examples of, 225–4
— — reasons for non-success of in agriculture, 227–8
Strip husbandry, in Russia, 95–6
— — universal character of, 47
“Stripped site value”, 211, 212
“Strong” wheats, 405
Suburba Fair, a description of, 271–5
Sub-division of land, dangers inherent in, 105
— — evils of, in Switzerland, 122
Submarine blockade, the, 385, 484
Subsidy, upon arable land and wheat, the Tribunal’s suggested, 389, 223
— — upon soil conditions, the suggested, 538–40
— — upon the use of fertilisers, the suggested, 538–40
— — upon wages, the suggested, 537–8
— — upon wheat and oats, the (1920), 386–92
Subsistence Theory of Wages, the, 26–7
Sudbury, tithe case at, 156

595
INDEX

Suffolk, “burdens” upon a farm in, 192
— “consolidation” of properties in, 127
— position of small holders in, 130
Sugar, restriction schemes for, 23
Sugar-beet, acreage under in Great Britain, 526
— cost of production of in England, 266, 526
— employment of Irish workers upon, 250
— on métairie farms, 90
— profitability of in England, 582
— subsiding of in Great Britain, 525–7, 536
— yields of, upon different sized farms in East Anglia, 120
— upon large and small holdings in Roumania, 562
Sugar-beet factories, give winter employment to agricultural workers, 252
— number of, in Great Britain, 526
Sugar-content, the, of British beet, 526
 Sulphate of ammonia, difficulties attaching to a bonus upon, 538
Superphosphates, prices of, in war-time, 513
 Supply, elasticity of, 21, 23
 “Supply Union”, the, of Germany, 324
 Surpluses, attempts to control, in the U.S.A., 302–3
 Surrey, Scotch farmers in, 237
 Surtaxe, weight of upon agricultural properties, 206–7
— yield of, 205
 Surrey, an Economic, of the Eastern Counties, see Cambridge University Department of Agriculture
 Survey method, the, of studying agriculture, 440
 Survey of World Agriculture, the, of the Royal Institute of International Affairs, 546
 Surveys' Institute, its material relating to war-time agricultural rents, 516
 Survivals of open-field husbandry described, 39–48
 Sussex, level of rates in, during French wars, 190
 Switzerland, small size of farms in, 121–2
 Syria, John Evelyn's appeal for re-afforestation, 408
 Syndicats agricoles, the French, 325–6
 Systems of Land Tenure in Various Countries (J. W. Probyn), 68
 Tallow and seutage, 183
 Tariffs, introduction of, into Great Britain in 1852, 544
 — the U.S.A., 301
 Taxation, Adam Smith's maxims concerning, 207–8
 — examples of, upon agricultural properties, 190, 192, 195
 — table showing weight of, on agricultural properties before and after the Great War, 209
 Tea, agreements in regard to production of, 25
 Teinds, account of, 164–5
 Teinds and Agriculture (A. A. Cormack), 165
 Temperature, as a limiting factor in agriculture, 6
 “Temporary” grass, definition of for statistical purposes, 458
 Temporary workers, numbers of, on different sized holdings, 261
 Temporary workers in agriculture, numbers of, in England and Wales, 251
 Tenants, agricultural, numbers of, in England and Wales, 67
 — manorial, duties of, 55–7
 — their share of taxation, 209
 Tenure, personal aspects of, in mediaeval times, 55–7
 Tenures, the, of Blount, 55
 “Ten-year average”, the, of British crops, 456
 Terseria, in Italy, 92
 The Agricultural Crisis (League of Nations), 548
 The Agricultural Lock-out, 1874 (F. Clifford), 223, 224

Whales, tithe in France, 158
Wheat, accuracy of English forecasts as to yield of, 467-8
— accuracy of monthly forecasts of yield of, 468
— acreage of, in the British Isles, 368, 369
— in different countries, 373
— — 1909-10 to 1930, 356
— — in England, 451
— — in England and Wales, 1870 to 1932, 352-3
— — in Great Britain, 394
— — in the United Kingdom, 1866 to 1932, 351-2
— — in the world, 380
— upon heavy and light soils, 452
— American, cost of, during and after the Great War, 384-5
— Canadian, 397, 398
— consumption of, per capita, 360, 381, 383
— cost of production of, 386, 389-90, 511
— per acre and per quarter in East Anglia, 397
— demand for, inelastic, 381
— deviations from average yield of, in the United Kingdom, 454, 555
— in various countries, 455
— distribution of, in England and Wales in 1932, 395
— distribution of varieties of, in England, 397
— diversity of measures in use for sale of, 279
— export of, from various countries at different periods, 379

Wheat, extent of, upon heavy lands, effects of upon yields, 452, 478
— fluctuations in the price of, in mediaeval times, 360
— freight and insurance costs of, 385
— German imports of, into England, 405
— guaranteed prices for, 386-8
— home production of, 358, 480
— — 1913 to 1922-3, 498, 502
— — 1926-8 to 1931-2, 590
— import duty upon, in 1932, 405
— imports of, into the British Isles, 384
— — from different sources at various times, 372-9
— incidence of tithe upon, 172-3
— London prices of, 1924 to 1933, 399
— new varieties of, 475
— prices, seasonal fluctuations in, 393
— prices of, in Great Britain, 394-5, 369, 394
— — in the French and the Great Wars compared, 511
— production of, in various countries, 1909 to 1930, 366
— proportionate utilisation of, 396
— proposed acreage bonus for, 323
— quantities of, in ports and warehouses, in August 1914, 484
— — in November 1918, 482
— — purchasable by wages of an agricultural labourer, 282
— sale and transport of, in mediaeval times, 281
— value of, produced at home, 396
— varieties of, grown in Eastern Counties, 1925, 564
— yield of, and law of diminishing returns, 14, 15
— — in certain areas before the Great War, 470-8
— — in different countries, 373
— — in each County of England and Wales in five periods, 557-8
— — in East Anglia, an abnormal, 6
— — in France, 391
— — in Great Britain, 1885 to 1932, 554
— — in Ireland, 450-2, 459
— — in Scotland, 450-2, 459
— — in the United Kingdom, 1852 to 1932, 440-57, 555
— — in the world, 359
— — in Wales, 451, 459-60
— — upon large and small holdings in Roumania, 562
— — upon new arable land, in 1918, 480-92, 559
— — — in 1919, 499, 560
