INDEX. PART I

BIRDS AND OTHER ORGANISMS

- Accentor, Alpine, chick's mode of begging, 84
Agama atricollis, threat display, 43
Agelina labyrinthica, courtship and cataleptism, 74
 Albatross, display, 48, 231, 301
 Black-footed, communal display, 147
 Galapagos, display, 58–9, 139, 147
 Laysan, display, 58, 147, 190; brooding period, 121
 Wandering, display, 190–1; coition while tending young, 295
Anas-Mareca sibilatrix, hybrid's display, 62
 Ani, Smooth-billed, egg-laying stimulated by new arrival, 162; communal nesting, 165; absence of despotism, 171; sex-jealousy subordinated, 252; deceived by mockingbird, 267
 Groove-billed, communal nesting, 165
 White, communal nesting, 165
 Ants, territory, 247
 Ape, sexual behaviour, 138, 250; sociability, 170; social order, 171; dancing, 194–7, 206
Astia vittata, dance, 300
 Attidae, recognition and courtship, 265, 300
 Auk, Great, specialisation, 25; gaping, 40
 Avocet, fidgeting with material, 18; contagious copulation, 92, 304; nest relief, 122; display, 154, 189; social excitement, 156
 Baboon, greeting, 57; vocal chorus, 157
 Bantam, frightened by peacock, 99
 Barbet, East African, duet by, 136
 Himalayan, duet by, 136
 Bat, breeding, 285
 Bee, territory, 247; dance, 275
 Bee-eater, aerial display, 151
 Beetle, feigns death, 66
 Dung-, mimicked in dance, 201
 Bell bird, call, 263
 Costa Rican, wattles, 53, 262
 Bird of Paradise, cf. Rifle Bird; behaviour, 61, 84, 94; territory, 211; sex ratio, 237–8
 Count Raggi's, social display, 233
 Count Salvadori's, display, 233
 Emperor of Germany's, display, 130
 Great, traditional displaying-places, 209
 Hunstein's Magnificent, display, 42
 King, display, 41–2, 130, 232; song flight, 255
 Lesser, display, 72, 232
 Lesser Superb, display, 72
 Long-tailed, display, 42
 Magnificent, display, 211, 234
 Prince Rudolph's, display, 72, 130
 Six-wired, display, 234
 Superb, display, 42
 Twelve-wired, display, 42
 Wallace's Standardwing, display, 72, 130, 187
 Wilson's, display, 42
 Bishop Bird, Crimson-crowned, destroys nest, 20; recognition, 107; sex ratio, courtship and nesting, 242–3
 Bitterling, defence of territory, 249
 Bittern, coition, 31; threat, 100; social flights, 259
 American, dissembling, 70
 Little, call, 263
 Sun, display, 100
 Variegated, dissembling, 69
 Blackbird, gaping, 41; injury-feigning, 91; despotism, 178; territory, 249; overlapping broods, 295; sense of smell, 304

INDEX

- Blackbird, Red-winged, threat adornments, 100; breeding, 161
 Yellow-headed, simultaneity of breeding, 161
- Blackcap, double-broodedness, 24; gaping, 41; squabbling parties, 153
- Blackcock, courtship and threat display, 73, 99, 199, 213–17, 222, 231, 251, 260, 300; autumnal display, 217, 288
 lek, 167, 208
- Bluethroat, somersaults, 130
- Boatbill, appeasing ceremony, 64
- Bobolink, song-flight, 254
- Bob-white, courtship feeding, 35
- Booby, affinities, 59
 Blue-footed, courtship, 124, 262
 Brown, defecation, 3; fidgiting with nest material, 11, 18; stick stealing, 11
 Masked, courtship, 124
- Bothrops atrox*, gaping, 44
- Boubou, Zanzibar, duet, 136
- Bower Bird, Regent, habits at bower, 235
 Satin, collects blue objects, 17; action when sexually excited, 84; paints sticks, 236
- Budgerigar, cf. Parakeet, Shell
- Bulbul, injury-feigning, 82
- Bullfinch, incomplete nest-building, 22; attacks reed bunting 270
- Bunting, Corn, copulation during incubation, 294
 Indigo, attacks painted, 270
 Lapland, mistaken by phalarope, 279
 Painted, attacks indigo, 270
 Snow, territory, 14, 179, 249; nest-building, 26; recognition, 109, 117, 138, 271; social order, 175; sexual behaviour, 295–6, 298
 Yellow, gaping, 41; false nest-building, 96; broodings, 283; sexual behaviour, 298–9
- Bustard, air-sacs, 4
 Great, display, 222
 Australian, display, 262
- Butterfly, *Morpho*, 201
- Buzzard, belated nest-building, 17; jay's call resembles that of, 235; rears chickens, 279
- Honey, twig ceremony, 17
 Rough-legged, attacks dotterel, 77
- Cactospiza pallida*, uses spine as tool, 236
- Canary, nest-building, 23; social order, 174–5, 180; effect of injection of hormones, 287
- Capercaillie, display, 219, 223; territory, 224; tournaments and sex ratio, 238
- Cassowary, dance, 201
- Cat, nervous washing, 21; trance, 75; and pigeon, 284
- Chaffinch, pairing-up, 53; threat, 100; female song, 137; intolerance, 167
- Chameleon, gaping, 43
- Chat, Palm, communal nesting, 166
 White-fronted, communal injury-feigning, 79
- Chicken, Greater Prairie, territory, 220
 Lesser Prairie, traditional display grounds, 208; territory, 220
- Chiffchaff, autumn display, 105; song, 263; non-breeding with willow warbler, 270
- Child, nervous habits of, 96
- Chimango, rage of, 19
- Chimpanzee, 'kissing', 8; hypnosis of, 75
 sexual behaviour, 102; excitement and corporate feeling, 157, 170; dances, 194–7, 202
- Chlamydosaurus kingi*, gaping, 43
- Chough, feeding of female by male, 34
 White-winged, communal nesting, 166
- Chromide, nest relief, 125
- Cichlid, type of display, 100, 272
- Cobra, hypnosis, 75
- Cochlearius*, affinities of, 64
- Cock, threat posture, 42; Chaucer on, 73; adornments, 100; sexual preferences, 218; effects of injections, 287
- Cockatoo, call, 137
- Cock of the Rock, display, 200–1, 230–2, 234; sex ratio, 238

- Cormorant, defecation, 3; pilfering, 13; chick's method of feeding, 46, 49; flight, 57; dipping bill, 95; display, 114, 212; absence of social order, 171; coition on nest site, 211, 251; play, 261
- Southern, soliciting posture, 19; interchangeable display, 38; reversed copulation, 137
- Galapagos, drinks salt water, 95
- Corncrake, cataleptic condition, 66; fights rat and dog, 82
- Coot, nest-relief, 17, 124; territory, 287
- Corvidae, releasers, 267
- Coucal, Malay, coition during courtship feeding, 31
- Cow, attacked by killdeer plover, 90
- Coyote, attacks sharp-tailed grouse, 73, 199; deceived by ruffed grouse, 90
- Crab, not recognised by squid, 278
- Crane, social order, 171–2; display, 200, 301; call, 263; egg-laying when two females associate, 303
- Common, duet, 135; imitativeness, 139; procession, 155; threat, 155, 176; nervous fits, 157; static pose, 244
- Demoiselle, dance, 185–6
- Little Brown, dance, 184
- Sarus, destroys nest, 20; ovulation inhibited, 303
- Stanley, imitativeness, 139
- Whooping, dance, 185, 192
- Crepidula plana*, reproduction, 167
- Crossbill, nest sanitation, 3; attacked by robin, 270; breeding, 292
- Crotophagidae, 165
- Crow, social order, 171–2; appetite, 283
- American, effect of artificial lighting on, 288
- Canadian, cf. American
- Hooded, effect of castration on migration, 286
- House, thievishness, 17; social response, 267
- Crustacea, effect of overcrowding on reproduction, 167
- Cuckoo, evicts nestlings, 3; holds twig, 18; threat, 41, 44; mouth adornment, 45, 47; tanager feeds young, 47; trance state, 98, 105; ovulation visually induced, 303
- Ash-coloured, mouth adornment of young, 45
- Black-billed, disablement reactions, 70
- Yellow-billed, courtship feeding, 31
- Curlew, nest relief, 19; social order, 171; knot's song compared with that of, 255; display-flight, 257
- Stone, nest-making, 27; 'freezing', 69; 'injury-feigning', 90; autumn display, 105 207; nest-relief, 124
- Dabchick, cf. Grebe, Little
- Deer, Red, hind mounts stag, 138; auto-erotism, 138; playing places, 169
- Dipper, song of female, 137
- Irish, relations between sexes, 32
- Diver, long-term correlation, 205; coition on nest, 211
- Black-throated, disablement behaviour, 78
- Red-throated, fidgeting with material after coition, 19, 26; display, 59, 93, 118, 128, 131, 203, 228; false-drinking, 95; threat, 119; mutual ceremonies, 128, 131, 138; inverted display, 130, 187
- Great Northern, follow-my-leader race, 129
- Dodo, specialisation, 25
- Doe, scut of, 273
- Dog, trance state, 75; fights corn-crake, 82; deceived by birds, 90; picks up sticks, 96; territory, 287
- Dotterel, vestigial 'injury-feigning', 14, 77, 81
- Dove, defecation, 3; precocious brooding, 11; feeding of young, 48; affinities, 61; reversed copulation, 138; blackcock's call resembles, 215
- Galapagos, disablement reaction, 80
- Red-throated Ground, display, 61
- Ring, recognition, 108; effect of cold and disturbance on, 292

INDEX

- Dove, Rock, mating with wood pigeon, 113
 Stock, mistaken by lapwing, 279
Drosophila melanogaster, courtship, 85
Dryophis mycterizans, gaping, 44
 Duck, cf. Gadwall, Goosander, Merganser, Pintail, Sheldrake, Shoveler, Smew, Teal, Wigeon, Chiloe Wigeon; affinities, 62; false bathing, 93; fixations, 138; corporate activity, 149; social order, 171; objects of alarm, 277; autumnal display, 288; effect of artificial light, 288
 Eider, disablement reactions, 67, 90; brooding period, 121; play, 261
 Eider, King, display, 94; non-breeding, 292
 Mallard, flying-up ceremony, 5; concealing eggs, 27; pairing-trance, 72; disablement reaction, 89; corporate activity, 149; social order, 171; objects of alarm, 277; autumnal display, 288; effect of artificial light, 288
 Wood, courtship feeding, 29; disablement reaction, 76
 Duiker, paralysis, 68
 Dunlin, courtship flight, 292
 Southern, display flight, 256, 259; corporate flights, 261
Dysdera erythrina, courtship, 74
 Eagle, adds sticks when young well grown, 17; plunging from nest, 82; Walt Whitman on display flight, 258
 Bateleur, flushing, 103
 Sea, frightens geese, 277; expels young, 279
 Sea, White-bellied, covers eggs, 17
 Eider, cf. Duck
 Elephant, courtship, 7; rage, 21; fighting, 214
 Empidae, courtship feeding, 30, 98
 Emu, dance, 201
Euophrys frontalis, courtship, 266
 Falcon, cf. Kestrel, Merlin; plunging from nest, 82; frightens ducks, 277
 Greenland, non-breeding, 292
 Peregrine, aerial 'kisses' of, 29
 Ferret, in experiment, 52; reproduction, 285
 Fieldfinch, Misto, display, 85
 Finch, cf. Bullfinch, Chaffinch, Fieldfinch, Goldfinch, Greenfinch, Hawfinch, Junco; buccal display of young, 47; social order, 171; friendships, 176; called *Oscilador*, 259
 Galapagos, courtship feeding and coition, 31; displays of, 84; false nest-building, 96; use of spine in search for insects, 236
 Fish, cf. Bitterling, Mackerel, Stickleback, *Tilapia Xiphophorus*; threat display, 44; labyrinth- and cichlid types of display, 100, 174, 271-2; chromide nest-relief, 125; sex ratio of swordtail, 241; territory, 247; releasers, 267; mistaken response, 271; not recognised by penguin, 278; sex play, 300
 Flamingo, air-sacs, 4; young feed each other, 166; social order, 172
 Flicker, recognition, 108, 269, 270
 Red-shafted, inter-breeding, 269
 Yellow-shafted, inter-breeding, 269
 Fly, courtship feeding, 30, 31, 98; unisexual coition, 138
 Flycatcher, social order, 171
 Fowl, cf. Hen
 Guinea, display, 52, 85
 Jungle, flushing, 103
 Spur-, fighting, 214
 Fox, feigns death, 66; deceived by birds, 89-90
 Frigate Bird, boobies steal sticks from, 11; bladder display, 53
 Frog, and snake, 68; hypnosis, 75; sex play, 300
 Frogmouth, threat display, 44
 Fulmar, cf. Petrel
 Gadwall, affinities, 62
 Gallinaceous Birds, display, 84
 Game Birds, cf. Tetraonidae; convergent evolution in display, 237
 Gannet, incubation, 2; defecation, 3; air-sacs, 4; flying-up ceremony, 5; display, 7, 8, 36, 48, 58-9, 117,

- Gannet (*cont.*)
 125, 126, 138–9, 142, 184, 188;
 vestigial nesting 9; pilfering,
 9–11; nest-building, 12–13, 25;
 departure of young, 13; ficti-
 tious nest-building, 18, 97; eating
 nest, 19; dilettante nest-building,
 22, 97; feeding young, 35, 46,
 49; flight peculiarity, 56; mate
 denudes neck of, 95; sociality,
 167; absence of social hierarchy,
 171; long-term correlation, 205
- Geopeliinae, 62
- Godwit, Black-tailed, scrape cere-
 mony, 26; display, 100, 256–7
- Goldcrest, overlapping broods, 295
- Goldfinch, display, 93, 263, 269;
 inter-breeding, 269; attacked by
 robin, 270
- Grey-headed, inter-breeding, 269
- Gonalek, Abyssinian, duet, 136
- Goosander, display, 73; contagious
 solicitation, 148
- Goose, pair-formation, 142; im-
 mature moults at breeding place,
 169; social order, 171; coition,
 250; call, 263; of Lacydes, 274;
 objects causing alarm to, 277
- Egyptian, flying-up ceremony, 5
- Grey Lag, flying-up ceremony, 5;
 dance, 189, 225; releasers, 273;
 fixation, 274
- Gorilla, frightens chimpanzee, 196;
 dance, 197
- Grackle, Boat-tailed, rigid display,
 display, sex ratio and habits,
 243–6
- Great-tailed, breeding, 161
- Nicaraguan, display, 243
- Grassquit, Glossy, display flight,
 254
- Grebe, false bathing, 93; correlation,
 205; coition on nest, 211, 251;
 game played by, 261
- Great Crested, display of, 7, 11, 18,
 40, 53, 59, 95, 118, 128, 138–40,
 203; threat, 100; reversed copu-
 lation, 137; copulation during
 incubation, 295
- Horned, display, 128
- Little, display, 18, 132, 148; display-
 building, 22; nest relief, 124;
 reversed copulation, 137; dis-
 playing places, 169
- Western, dual display, 132
- Greenfinch, sense of smell, 304
- Greenshank, display and copulation,
 139, 160, 304; song flight, 255, 257
- Grouse, Franklin's, display, 53
- Prairie Sharp-tailed, display, 73,
 217, 221, 231; caught by coyote,
 199; traditional display grounds,
 208
- Red, nest-making, 26; display, 219;
 display flight, 254
- Ruffed, throwing leaves, 18; dis-
 ablement reactions, 90; court-
 ship and threat display, 100; sex
 recognition, 108; social order,
 173; autumnal display, 217;
 copulation with dead, 271
- Willow, sex ratio, 238
- Guillemot, defecation, 3; lack of
 territorial jealousy, 95; display,
 96; feeds non-existent chick, 98;
 clumsy movements, 129; display
 flight, 257
- Black, display, 7, 29, 40, 95, 129,
 145–9, 183–4, 186, 207, 261;
 corporate flights, 156; long-term
 correlation, 205
- Northern, vestigial offering of food,
 14; presenting nest material, 18;
 raising egg above flood, 28;
 synchronised breeding, 162;
 stimulation consequent on bill-
 ing, 306
- Gull, cf. Kittiwake; crude nest-
 building, 25; courtship feeding,
 32; nest relief at non-existent
 nest, 98; mutual display, 133;
 visiting, 152; choruses, 157;
 sociality, 159–60, 166; social
 order, 171; releasers of young,
 273
- Black-backed, Greater, mutual dis-
 play, 133; social display, 160
- Black-backed, Lesser, mutual dis-
 play, 93, 133; social display, 160;
 earlier breeding amongst herring
 gulls, 160, 162, 304
- Black-headed, pilfering, 9–10;
 pairing of young, 12; nest-
 building, 16; breaking twigs

- Gull (*cont.*)
 from trees, 18; call, 48; false bathing, 93; bi-valent display, 99; recognition, 107; nest relief, 122; procession, 155; corporate activity, 157; coition, 163, 294; despotism, 177; survival of decrepit, 180; regurgitation, 283; effect of castration on migration, 286; display during sleep, 301; display built up by adding components, 301
 Common, display wears nest-hollow, 26; duetting, 133; social display, 160; social defence, 163
 Herring, nest relief, 17, 123; nest decoration, 17; nest-making displays, 19, 26, 28, 96, 122; mock feeding, 30; coition, 31; feeding of young, 46; display, 59–60; duetting, 133; social display, 160; social effect on lesser black-backed gulls, 160, 162, 304; imitative behaviour, 163; display excites attack, 251
 Laughing, effect of androgens, 180; pairing-up and nesting areas separate, 252
 Little, nest relief, 17
- Hang-nest, Chestnut-shouldered, sings when wounded, 92
 'Happy Families', communal nesting, 165
 Harrier, Montagu's, nest sanitation, 3; feeds mate, 32; aerial play, 176
 Hawfinch, billing, 7; mouth adornment of young, 45; greeting, 116
 Hawk, cf. Sparrowhawk; adds sticks to nest, 17; crude nest building, 25; plunging from nest, 82; lark sings after attack by, 92; play, 261; coition during incubation, 295
 Red-shouldered, foiled by duck, 76
Heleodytes, bicolor, duet, 136
nuchalis, nest building while nest being removed, 20
zonatus, duet, 136
- Hen, hypnosis, 66; neurotic chicks, 170; social order, 171–3; preference for dominant cock, 175; expels chicks, 279
- Heath, social display, 167, 221; traditional displaying place, 208
 Heron, social order, 171; coition on nest, 211
 Buff-backed, nest relief, 120
 Green, invitational display, 112
 Grey, display, 7, 27, 29, 34, 112, 181; nest building, 17, 27; nest relief, 114, 121, 142; love call, 223, 253
 Louisiana, invitational display, 112; nest relief, 120
 Night, fidgeting with twigs, 22; brooding drive, 51; affinities, 64; courtship, 111; recognition, 138
 Night, Black-crowned, pair-formation and territory, 111, 177; nest relief, 120; unisexual pairs, 138; flock stimulation, 161; social order, 177
 Night, Yellow-crowned, nest relief, 120
 Variegated, cf. Bittern
 Honey Guide, Black-throated, drumming, 255
 Hornbill, air-sacs, 4; dance, 201; feathers used in dance, 202
 Crowned, defecation, 3
 Rhinoceros, feeding of female during incubation, 29, 47
 Horse, attacked by killdeer plover, 90; false feeding, 94
 Huanaco, ancestral cemeteries, 169
 Huia, skull formation, 64
 Humming-bird, 'imaginary' nest-building, 97; ceremonies, 232; sex ratio, 238–9; types of display, 259
 Allen's, display flight, 259
 Anna's, display flight, 259
 Black-throated Mango, nesting, 285
 Broad-tailed, display flight, 260
 Great Jacobin, display, 260
 Guiana King, defecation, 3
 Racket-tailed, display, 260
 White-eared, feeds young while incubating second clutch, 295
- Ibis, Black-faced, aerial display, 150
 Black-headed, sociality, 161
 Infusoria, effect of overcrowding on reproduction, 167

INDEX. PART II

SUBJECTS

- Adornment, mouth, 38-55; odd, 54; anthropological parallel to bird, 63; relationship to posturing, 64; used in display fighting, 100, 216; chimpanzee, 195; toilet, 195; of birds used by man, 202; handicaps of, 225; bird of paradise, 233; extravagant, 237, 260, 262; speculation in regard to female, 238; theory of response to, 264; spider, 265; relationship of display to, 280; effect of injections on, 287; modification of, 309
- Air-sacs, 4, 220
- Anger, conflict theory of, 104
- Appeasing display, 109-15, 119
- Autumnal display, 100, 105, 217
- Bathing, accompanying emotion or display, 21, 94
- Behaviour, difficulty of defining sexual, 11, 102; abnormal sexual, 20-1, 137-8, 174
- Behaviour-patterns, 6, 14, 16, 49, 51, 54, 79, 81, 83, 85-8, 93, 100, 104, 158, 181, 197, 237, 239, 280; comparative study of, 56-64; relationship to instincts, 88; released by internal stimulation, 98
- Billing, origin of, 34, 107
- Bi-valent display, 99-102, 203
- Canon of Minimum Antecedent, 33
- Cataleptism, 66-7; rarely associated with nesting, 82
- Coition, 18, 19, 26, 30, 31, 48, 72-3, 84, 93-4, 96, 97, 99, 101, 113, 139, 140, 174, 181, 189, 191, 210, 211, 214, 217, 219, 236, 270, 293-4, 296, 302; courtship feeding during, 31; corporate, 92; relationship to nest-building, 123, 294; importance of security for, 250, 252; effect of injections on, 287
- Communal, disablement behaviour, 78-9; coition, 92; display, 145-70; nesting, 165-6
- Conflict, results of, 78, 86, 88, 104
- Corpus striatum*, 87
- Courtship, connotation of, 6, 57; feeding, 26, 29-35, 40, 50, 113; lizard, 43; insect, 85; ape, 196; spider, 265-7; fish, 271, 300
- Cycle, cf. also Rhythm; breeding, 14, 50, 103, 125, 142, 162, 163, 175, 181, 218, 220, 245, 249, 282-309; life, 86, 284
- Dance, spider, 9, 300; bird, 42, 59, 94, 105, 111, 127, 145, 147, 151, 160, 182-206, 224, 230; classification, 185; ape, 194-7; function, 204, 305; bee, 275
- Display, solo, 9, 188; evolution of courtship, 49; significance of abruptness in, 51; sexual similar to 'injury-feigning', 85; bi-valent, 99-100; types of, 100, 271; mutual, 126-144; inverted, 130; social, 145-246; aerial, 254-61
- Double-broodedness, 24
- Drives, incompatible, 78; two main, 86; definition of, 88; internal state as a cause of, 105; responsible for territorialism, 247, 250
- Duet, 116, 118, 124, 126, 133-43, 169, 261
- Ecstasy, 38, 42, 50, 71-4, 85, 93, 128, 188, 194, 198-9, 212, 232-3, 237
- Eggs, 48, 78, 81, 96, 180, 198, 303; destruction of own, 20-1; premature brooding of, 98; dance on hatching of, 198; production affected by ultra-violet light, 289; laid in third phase, 293

INDEX

- Intimidation display (*cont.*)
 sun bittorn, bittorn, 100; robin, penguin, 100, 181; snow bunting, 109; stork, 114; swan, red-throated diver, 119; red-billed blue magpie, 163; jackdaw, 163, 176; ruff, 209; flicker, 269
- Lek, 174, 229, 232, 240, 260, 299; blackcock, 73, 167, 207–25; significance of, 162, 165, 167, 169; sex ratio in regard to, 237–46
- Memory, 33, 37, 251
- Migration, 27, 86, 246, 282; impulses shown in display, 98, 105; copulation during, 217; effect of castration on, 286; effect of artificial lighting on, 288; nature of, 291; young fed while on, 295
- Mutual display, 93, 126–44
- Nest, birds destroy own, 20–1
- Nest-building, 237, 241, 282, 288; evolution of, 16–28, 65; ‘imaginary’, 18, 97–8; false, 96–7; communal, 165–6; effect of weather on, 292; relationship to coition, 295
- Nest-relief, 86, 114, 119, 120–3, 125, 129, 181
- Nest sanitation, 2–3
- Nidifugous chicks, 46, 68
- Ontogeny, 62
- Ovulation, 290, 291, 292, 303
- Pair-formation, 6, 12, 20, 54, 109–10, 142, 175, 190, 235, 245, 272, 291, 298, 300
- Pecking-order, *cf.* Social hierarchy
- Phylogeny, 58, 61–2
- Physiological, 88, 106, 157, 181, 279; control and second broods, 24; foundations of behaviour, 87; condition in relation to dominance, 176; condition in relation to display, 215, 225, 282–309
- Pituitary, 289, 308
- Play, 261
- Polyandry, 240–1
- Polygyny, 223, 224, 239, 241
- Precocious activity, 11–12
- Preening, as emotional outlet, 21, 93–6, 123, 155, 302
- Procession, 154–5
- Psychological, and physiological, 49, 281; susceptibility to stimuli, 51; factors in social order, 173; weapons, 181, 204, 244; gulf between man and insect, 183; heritage in common of man and bird, 185
- Recognition, 107–9, 119, 138, 269–81; call, 270; affected by sexual desire, 279
- Reflexes, not an explanation of behaviour, 158; unconditioned, 277
- Releasers, 262–81; of young, 45–8, 273
- Reproductive cycle, *cf.* Cycle
- Reptilian ancestry, 57
- Rhythm, within sexual cycle, 54, 220, 284–6, 289, 298, 301; infectiousness of, 139, 141; importance of co-ordination of sexual, 239, 283; effect of food on sexual, 291
- Sacaleli*, 41
- Selection, of behaviour patterns, 82; actions eliminated by, 87; sexual, 129, 215, 237, 308, 309; natural, 266
- Self-consciousness, definition of, 102
- Sex, Freudian theory of, 86; rivalry, 231
- Sex ratio, differential, 222, 237–46; in regard to lek, 240; in relation to display and nesting, 245
- Sexual, *cf.* also Cycle, Rhythm; abnormalities, 20–1, 137–8, 174; chase, 23, 105, 139, 176, 259, 293; frenzy, 26, 72, 73, 209; curve, 181
- Sleep, 75
- Snake-skin, used for nest decoration, 17
- Social hierarchy, 171–81, 215; during courtship, 113; effect of hormones on, 287; and breeding success, 304
- Society, tension in, 15; outlets for emotion in, 21
