PROMPT Training Permissions and Licences  
  
Only units or institutions paying for a multi-professional team to attend an authorized PROMPT Train the Trainers (T3) Day are permitted to run PROMPT multi-professional obstetric emergencies training courses, using PROMPT Course in a Box materials, within their own unit.  
  
Any PROMPT training conducted outside the unit or institution that has permission (see above) requires a license from PROMPT North America, e.g. a professional organization or body wishing to roll out PROMPT training within a region, or a unit wishing to run PROMPT training at other hospitals outside of their own hospital group.  
  
PROMPT North America is happy to discuss licensing arrangements or answer any questions relating to training permissions at any time. Please contact [info@promptmaternity.org](mailto:info@promptmaternity.org) providing full contact details and a brief statement of the training proposed.

First published in the UK 2008; second UK edition published in 2013  
North American edition published 2016

Registered names: The use of registered names, trademarks, etc. in this publication does not imply, even in the absence of a specific statement, that such names are exempt from the relevant laws and regulations and therefore free for general use.  
  
Product liability: Drugs and their doses are mentioned in this text. While every effort has been made to ensure the accuracy of the information contained within this publication, neither the authors nor the publishers can accept liability for errors or omissions. The final responsibility for delivery of the correct dose remains with the physician prescribing and administering the drug. In every individual case the respective user must check current indications and accuracy by consulting other pharmaceutical literature and following the guidelines laid down by the manufacturers of specific products and the relevant authorities in the country in which they are practicing. The user takes full responsibility for any local adaptations made to the training materials.

Cambridge University Press & Assessment has no responsibility for the persistence or accuracy of URLs for external or third-party internet websites referred to in this publication and does not guarantee that any content on such websites is, or will remain, accurate or appropriate.

Every effort has been made in preparing this book to provide accurate and up-to-date information which is in accord with accepted standards and practice at the time of publication. Although case histories are drawn from actual cases, every effort has been made to disguise the identities of the individuals involved. Nevertheless, the authors, editors and publishers can make no warranties that the information contained herein is totally free from error, not least because clinical standards are constantly changing through research and regulation. The authors, editors and publishers therefore disclaim all liability for direct or consequential damages resulting from the use of material contained in this book. Readers are strongly advised to pay careful attention to information provided by the manufacturer of any drugs or equipment that they plan to use.
