This textbook has been approved by AQA for use with our qualification. This means that we have checked that it broadly covers the specification and we are satisfied with the overall quality. Full details of our approval process can be found on our website.

We approve textbooks because we know how important it is for teachers and students to have the right resources to support their teaching and learning. Please note, however, that the publisher is ultimately responsible for the editorial control and quality of this book.

Please note that when teaching the A/AS Level History for AQA Student Book course, you must refer to AQA's specification as your definitive source of information. While this book has been written to match the specification, it cannot provide complete coverage of every aspect of the course.

A wide range of other useful resources can be found on the relevant subject pages of our website: www.aqa.org.uk

A/AS Level History for AQA: The Sun King: Louis XIV, France and Europe, 1643–1715

About this Series

Cambridge A/AS Level History for AQA is an exciting new series designed to support students in their journey from GCSE to A Level and then on to possible further historical study. The books provide the knowledge, concepts and skills needed for the two-year AQA History A-Level course, but it is our intention as series editors that students recognise that their A-Level exams are just one step on to a potential lifelong relationship with the discipline of history. The book is thus littered with further readings, extracts from historians' works and links to wider questions and ideas that go beyond the scope of an A-Level course. With this series, we have sought to ensure not only that the students are well prepared for their examinations, but also that they gain access to a wider debate that characterises historical study.

The series is designed to provide clear and effective support for students as they make the adjustment from GCSE to A Level, and also for teachers, especially those who are not familiar with teaching a two-year linear course. The student books cover the AQA specifications for both AS and A Level. They are intended to appeal to the broadest range of students, and they offer not only challenge to stretch the top end but also additional support for those who need it. Every author in this series is an experienced historian or history teacher, and all have great skill both in conveying narratives to readers and asking the kinds of questions that pull those narratives apart.

In addition to quality prose, this series also makes extensive use of textual primary sources, maps, diagrams and images, and offers a wide range of activities to encourage students to address historical questions of cause, consequence, change and continuity. Throughout the books there are opportunities to critique the interpretations of other historians, and to use those interpretations in the construction of students' own accounts of the past. The series aims to ease the transition for those students who move on from A Level to undergraduate study, and the books are written in an engaging style that will encourage those who want to explore the subject further.

Icons used within this book include:

Key terms

Speak like a historian

Voices from the past/Hidden voices

Practice essay questions

Taking it further

Chapter summary

About Cambridge Elevate

Cambridge Elevate is the platform which hosts a digital version of this Student Book. If you have access to this digital version you can annotate different parts of the book, send and receive messages to and from your teacher and insert weblinks, among other things.

We hope that you enjoy your AS or A Level History course, as well as this book, and wish you well for the journey ahead.

Michael Fordham and David L. Smith Series editors
