PREFACE

When two of Professor Dover Wilson's friends began to compile this bibliography, they soon recognized the need to consult him in order to ensure against oversight. He has not only drawn attention to many items in the following list, but has contributed several characteristic comments. The arrangement by sections and the titles of the sections are also his. Within each section arrangement is by the year of publication, and within each year by chronological order, in so far as that can now be readily established, except that books of which Professor Dover Wilson is the author or the editor are placed first in each year.
