CONTENTS.

CHAPTER I.

PESTILENCES PREVIOUS TO THE BLACK DEATH, CHIEFLY
FROM FAMINES.

	PAGE
The plague of 664–684 described by Beda, and its probable relation to the plague of Justinian's reign, 542-	4
Other medieval epidemics not from famine	9
Chronology of Famine Sicknesses, with full accounts of those of 1194–7, 1257–9, and 1315–16	15
Few traces of epidemics of Ergotism; reason of England's immunity from <i>ignis sacer</i>	52
Generalities on medieval famines in England	65

CHAPTER II.

LEPROSY IN MEDIEVAL BRITAIN.

Medieval meanings of <i>lepra</i>	69
Biblical associations of Leprosy	79
Medieval religious sentiment towards lepers	81
Leprosy-prevalence judged by the leper-houses,—their number in England, special destination, and duration	86
Leper-houses in Scotland and Ireland	99
The prejudice against lepers	100
Laws against lepers	106
Things favouring Leprosy in the manner of life—Modern analogy of Pellagra	107

CHAPTER III.

THE BLACK DEATH OF 1348–9.

Arrival of the Black Death, and progress through Britain, with contemporary English and Irish notices of the symptoms	114
Inquiry into the extent of the mortality	123
Antecedents of the Black Death in the East—Overland China trade—Favouring conditions in China	142
The Theory of Bubo-Plague	156
Illustrations from modern times	163
Summary of causes, and of European favouring conditions	173

CHAPTER IV.

ENGLAND AFTER THE BLACK DEATH, WITH THE EPIDEMICS
TO 1485.

	PAGE
Efforts to renew the war with France	177
Direct social and economic consequences in town and country	180
More lasting effects on farming, industries and population	190
Epidemics following the Black Death	202
Medieval English MSS. on Plague	208
The 14th century chronology continued	215
The public health in the 15th century	222
Chronology of Plagues, 15th century	225
Plague &c. in Scotland and Ireland, 1349-1475	233

CHAPTER V.

THE SWEATING SICKNESS, 1485-1551.

The First invasion of the Sweat in 1485	237
The Second outbreak in 1508	243
The Third Sweat in 1517	245
The Fourth Sweat in 1528	250
Extension of the Fourth Sweat to the Continent in 1529	256
The Fifth Sweat in 1551	259
Antecedents of the English Sweat	265
Endemic Sweat of Normandy	271
Theory of the English Sweat	273
Extinction of the Sweat in England	279

CHAPTER VI.

PLAGUE IN THE TUDOR PERIOD.

Chronology of the outbreaks of Plague in London, provincial towns, and the country generally, from 1485 to 1556	282
The London Plague of 1563	304
Preventive practice in Plague-time under the Tudors	309
Sanitation in Plantagenet and Tudor times	322
The disposal of the dead	332
Chronology of Plague 1564-1592—Vital statistics of London 1578- 1583	337
The London Plague of 1592-1593	351
Plague in the Provinces, 1592-1598	356
Plague in Scotland, 1495-1603—Skene on the Plague (1568)	360
Plague in Ireland in the Tudor period	371

Contents.

xi

CHAPTER VII.

GAOL FEVERS, INFLUENZAS, AND OTHER FEVERS IN
THE TUDOR PERIOD.

	PAGE
The Black Assizes of Cambridge, 1522	375
Oxford Black Assizes, 1577	376
Exeter Black Assizes, 1586	383
Increase of Pauperism, Vagrancy, &c. in the Tudor period	387
Influenzas and other "strange fevers" and fluxes, 1540-1597	397

CHAPTER VIII.

THE FRENCH POX.

Meagreness of English records	414
Evidence of its invasion of Scotland and England, in 1497 and subsequent years	417
English writings on the Pox in the Elizabethan period, with some notices for the Stuart period	423
The circumstances of the great European outbreak in 1494— Invasion of Italy by Charles VIII.	429

CHAPTER IX.

SMALLPOX AND MEASLES.

First accounts of Smallpox in Arabic writings—Nature of the disease	439
European Smallpox in the Middle Ages	445
Measles in medieval writings—Origin of the names "measles" and "pocks"	448
First English notices of Smallpox in the Tudor period	456
Great increase of Smallpox in the Stuart period	463
Smallpox in Continental writings of the 16th century	467

CHAPTER X.

PLAGUE, FEVER AND INFLUENZA FROM THE ACCESSION
OF JAMES I. TO THE RESTORATION.

Growth of London in the Tudor and Stuart periods	471
The London Plague of 1603	474
Annual Plague in London after 1603	493
Plague in the Provinces, Ireland and Scotland, in 1603 and following years	496
Malignant Fever preceding the Plague of 1625	504
