Every effort has been made in preparing this book to provide accurate and up-to-date  
information which is in accord with accepted standards and practice at the time of  
publication. Although case histories are drawn from actual cases, every effort has been  
made to disguise the identities of the individuals involved.

Nevertheless, the authors, editors and publishers can make no warranties that the  
information contained herein is totally free from error, not least because clinical  
standards are constantly changing through research and regulation. The authors, editors  
and publishers therefore disclaim all liability for direct or consequential damages  
resulting from the use of material contained in this book. Readers are strongly advised  
to pay careful attention to information provided by the manufacturer of any drugs or  
equipment that they plan to use.
